**EXPENDITURE EXPLANATION**

There is no anticipated direct material effect on governmental expenditures as a result of this measure. The Tax Commission budget already contemplates the re-authorization of these fees, which the agency has been collecting since 1992.

**REVENUE EXPLANATION**

The fees being authorized fund a portion of the Tax Commission operating budget through the Tax Commission Expense Fund into which all fees collected are deposited. The amounts referenced are the fees anticipated to be collected, based on historical data. The bulk of the fees are collected in the spring after the tax year ends, thus there is a full fiscal year impact estimated in FY 14/15.
