Abstract: Removes referenda for the imposition and extension of assessments on soybeans, wheat, corn, and grain sorghum, and clarifies the use of funds.

Present law provides for an assessment of 1¢ per bushel on soybeans to be levied and imposed. Further provides that the imposition of such assessment shall be determined by a referendum vote of wheat, corn, and grain sorghum producers and remain in effect for a five-crop year period. Allows for the extension of such assessment in 5-year increments upon approval by a referendum vote of the producers. Provides for certain producer voting criteria in the parish of residence.

Proposed law retains present law but removes the voting criteria and the referendum vote for imposition and extension of such assessment.

Present law provides for the board to use collected assessments to conduct a program of research and advertising for the promotion of the soybean, wheat, corn, and grain sorghum industries within and outside of La. Further allows for use of such funds to defray referenda costs.
