DIGEST

Dorsey-Colomb

SR No. 66

Requests DOTD to perform a study relative to the increase in noise decibel levels as a result of the expansion of LA 42, also known as Burbank Drive, and elsewhere in Baton Rouge and to work with the city of Baton Rouge to develop recommendations on how to address minimizing the noise levels affecting residents living adjacent to LA 42. Requests written report of findings and recommendations to the Senate not later than April 1, 2015.
