AN ACT

Making annual appropriations for Fiscal Year 2014-2015 for the ordinary expenses of the executive branch of state government, pensions, public schools, public roads, public charities, and state institutions and providing with respect to the expenditure of said appropriations.

Be it enacted by the Legislature of Louisiana:

Section 1. The appropriations in this Act from state revenue shall be payable out of the sources specified and shall be limited by the provisions of Article VII, Section 10(D) of the Louisiana Constitution.

Section 2. All money from federal, interagency, statutory dedications, or self-generated revenues shall be available for expenditure in the amounts herein appropriated. Any increase in such revenues shall be available for allotment and expenditure by an agency on approval of an increase in the appropriation by the commissioner of administration and the Joint Legislative Committee on the Budget. Any increase in such revenues for an agency without an appropriation from the respective revenue source shall be incorporated into the agency's appropriation on approval of the commissioner of administration and the Joint Legislative Committee on the Budget. In the event that these revenues should be less than the amount appropriated, the appropriation shall be reduced accordingly. To the extent that such funds were included in the budget on a matching basis with state funds, a corresponding decrease in the state matching funds may be made. Any federal funds which are classified as disaster or emergency may be expended prior to approval of a BA-7 by the Joint Legislative Committee on the Budget upon the secretary's certifying to the governor that any delay would be detrimental to the state. The Joint Legislative Committee on the Budget shall be notified in writing of such declaration and shall meet to consider such action, but if it is
found by the committee that such funds were not needed for an emergency expenditure, such approval may be withdrawn and any balance remaining shall not be expended.

Section 3.A. Notwithstanding any other law to the contrary, the functions of any department, agency, program, or budget unit of the executive branch, except functions in departments, agencies, programs, or budget units of other statewide elected officials, may be transferred to a different department, agency, program, or budget unit for the purpose of economizing the operations of state government by executive order of the governor.

Provided, however, that each such transfer must, prior to implementation, be approved by the commissioner of administration and Joint Legislative Committee on the Budget. Further, provided that no transfers pursuant to this Section shall violate the provisions of Title 36, Organization of the Executive Branch of State Government.

B. In the event that any agency, budget unit, program, or function of a department is transferred to any other department, agency, program, or budget unit by other Act or Acts of the legislature, the commissioner of administration shall make the necessary adjustments to appropriations through the notification of appropriation process, or through approval of mid-year adjustments. All such adjustments shall be in strict conformity with the provisions of the Act or Acts which provide for the transfers.

C. Notwithstanding any other law to the contrary and before the commissioner of administration shall authorize the purchase of any luxury or full-size motor vehicle for personal assignment by a statewide elected official other than the governor and lieutenant governor, such official shall first submit the request to the Joint Legislative Committee on the Budget for approval. “Luxury or full-sized motor vehicle” shall mean or refer to such vehicles as defined or used in rules or guidelines promulgated and implemented by the Division of Administration.

D. Notwithstanding any provision of law to the contrary, each agency which has contracted with outside legal counsel for representation in an action against another agency, shall submit a detailed report of all litigation costs incurred and payable to the outside counsel to the commissioner of administration, the legislative committee charged with oversight of that agency, and the Joint Legislative Committee on the Budget. The report shall be submitted on a quarterly basis, each January, April, July, and October, and shall include all litigation costs paid and payable during the prior quarter. For purposes of this
Subsection, the term "litigation expenses" shall mean court costs and attorney fees of the agency and of the other party if the agency was required to pay such costs and fees. The commissioner of administration shall not authorize any payments for any such contract until such report for the prior quarter has been submitted.

E. Notwithstanding any provision of law to the contrary, each agency may use a portion of its appropriations contained in this Act for the expenditure of funds for salaries and related benefits for smoking cessation wellness programs, including pharmacotherapy and behavioral counseling for state employees of the agency.

Section 4. Each schedule as designated by a five-digit number code for which an appropriation is made in this Act is hereby declared to be a budget unit of the state.

Section 5.A. The program descriptions, account descriptions, general performance information, and the role, scope, and mission statements of postsecondary education institutions contained in this Act are not part of the law and are not enacted into law by virtue of their inclusion in this Act.

B. Unless explicitly stated otherwise, each of the program objectives and the associated performance indicators contained in this Act shall reflect the key performance standards to be achieved for the 2014-2015 Fiscal Year and shall constitute the set of key objectives and key performance indicators which are reportable quarterly for Fiscal Year 2014-2015 under the Louisiana Government Performance and Accountability Act, particularly R.S. 39:2(23) and (24) and R.S. 39:87.3. In the event that a department, agency, program, or governing board or commission is directed by language in this Act to prepare and submit new or modified performance information, including but not limited to key and supporting objectives, performance indicators, and performance standards, such submission shall be in a format and method to be determined by the commissioner of administration. Unless otherwise specified in this Act, the submission of new or modified performance information shall be made no later than August 15, 2014. Such performance information shall be subject to the review and approval of both the Division of Administration and the Joint Legislative Committee on the Budget, or a subcommittee thereof.

C. The discretionary and nondiscretionary allocations contained in this Act are provided in accordance with R.S. 39:51(A)(3) and are to provide information to assist in legislative decision making and shall not be construed to limit the expenditures or means of financing
of an agency, budget unit, or department to the discretionary or nondiscretionary amounts contained in this Act.

Section 6.A. Unless expressly provided in this Act, funds cannot be transferred between departments or schedules receiving appropriations. However, any unencumbered funds which accrue to an appropriation within a department or schedule of this Act due to policy, programmatic, or cost-saving/avoidance measures may, upon approval by the commissioner of administration and the Joint Legislative Committee on the Budget, be transferred to any other appropriation within that same department or schedule. Each request for the transfer of funds pursuant to this Section shall include full written justification. The commissioner of administration, upon approval by the Joint Legislative Committee on the Budget, shall have the authority to transfer between departments funds associated with lease agreements between the state and the Office Facilities Corporation.

B. Pursuant to the authority granted to the Office of Information Technology in R.S. 39:15.1 through R.S. 39:15.3, or its successor, and in conjunction with the assessment of the existing staff, assets, contracts, and facilities of each department, agency, program, or budget unit's information technology resources, upon completion of this assessment and to the extent optimization of these resources will result in the projected cost savings through staff reductions, realization of operational efficiencies, and elimination of asset duplication, the commissioner of administration is authorized to transfer the functions, positions, assets, and funds from any other department, agency, program, or budget units related to this optimization to a different department. The provisions of this Subsection shall not apply to the Department of Culture, Recreation and Tourism. The provisions of this Subsection also shall not apply to any agency contained in Schedule 04, Elected Officials, of this Act.

C. Pursuant to the authority granted to the Office of State Purchasing in R.S. 39:1564, R.S. 39:1566, and R.S. 39:1571, and the Office of Contractual Review in R.S. 39:1488 and R.S. 39:1490, or their successor, in conjunction with the assessment of the existing staff, assets, contracts, and facilities of each department, agency, program, or budget unit's procurement resources, upon completion of this assessment and to the extent optimization of these resources will result in the projected cost savings through staff reductions, realization of operational efficiencies, and elimination of asset duplication, the commissioner of administration is authorized to transfer the functions, positions, assets, and funds from any
other department, agency, program, or budget units related to this optimization to a different department. The provisions of this Subsection shall not apply to the Department of Culture, Recreation and Tourism. The provisions of this Subsection shall also not apply to any agency contained in Schedule 04, Elected Officials, of this Act.

Section 7. The state treasurer is hereby authorized and directed to use any available funds on deposit in the state treasury to complete the payment of General Fund appropriations for the Fiscal Year 2013-2014. In order to conform to the provisions of P.L. 101-453, the Cash Management Improvement Act of 1990, and in accordance with the agreement executed between the state and Financial Management Service, a division of the United States Treasury, the state treasurer is hereby authorized to release checks drawn on federally funded appropriations prior to the receipt of funds from the United States Treasury.

Section 8.A.(1) The figures in parentheses following the designation of a program are the total authorized positions and authorized other charges positions for that program. If there are no figures following a department, agency, or program, the commissioner of administration shall have the authority to set the number of positions.

(2) The commissioner of administration, upon approval of the Joint Legislative Committee on the Budget, shall have the authority to transfer positions between departments, agencies, or programs or to increase or decrease positions and associated funding necessary to effectuate such transfers.

(3) The number of authorized positions and authorized other charges positions approved for each department, agency, or program as a result of the passage of this Act may be increased by the commissioner of administration in conjunction with the transfer of functions or funds to that department, agency, or program when sufficient documentation is presented and the request deemed valid.

(4) The number of authorized positions and authorized other charges positions approved in this Act for each department, agency, or program may also be increased by the commissioner of administration when sufficient documentation of other necessary adjustments is presented and the request is deemed valid. The total number of such positions so approved by the commissioner of administration may not be increased in excess of three hundred fifty. However, any request which reflects an annual aggregate increase in excess
of twenty-five positions for any department, agency, or program must also be approved by
the Joint Legislative Committee on the Budget.

(5) Any employment freezes or related personnel actions which are necessitated as a
result of implementation of this Act shall not have a disparate employment effect based on
any suspect classification, i.e., race, sex, color, or national origin or any negative impact
upon the Equal Employment proposition as set out in the "McDonnell Douglas Test" or
Title VII of the 1964 Civil Rights Act, as amended. The commissioner of administration
shall submit an annual report to the Joint Legislative Committee on the Budget on any
employment freezes or related personnel actions necessitated as a result of the
implementation of this Act. Such report shall note the employment effect based on any such
suspect classification, i.e. race, sex, color, or national origin, and the impact upon the Equal
Employment proposition as set out in the "McDonnell Douglas Test" or Title VII of the 1964
Civil Rights Act, as amended.

B. Orders from the Civil Service Commission or its designated referee which direct an
agency to pay attorney's fees for a successful appeal by an employee may be paid out of an
agency's appropriation from the expenditure category professional services; provided,
however, that an individual expenditure pursuant to this Subsection may not exceed $1,500
in accordance with Civil Service Rule 13.35(a).

C. The budget request of any agency with an appropriation level of thirty million dollars
or more shall include, within its existing table of organization, positions which perform the
function of internal auditing.

D. In the event that any cost assessment allocation proposed by the Office of Group
Benefits becomes effective during Fiscal Year 2014-2015, each budget unit contained in this
Act shall pay out of its appropriation an amount no less than 75% of total premiums for all
active employees and those retirees with Medicare in accordance with R.S. 42:851(D)(1) for
the state basic health insurance indemnity program.

E. In the event that any cost allocation or increase recommended by the Public
Retirement Systems' Actuarial Committee through adoption of a valuation submitted to the
Joint Legislative Committee on the Budget and the House and Senate committees on
retirement becomes effective before or during Fiscal Year 2014-2015, each budget unit shall
pay out of its appropriation funds necessary to satisfy the requirements of such increase.
Section 9. In the event the governor shall veto any line item expenditure and such veto shall be upheld by the legislature, the commissioner of administration shall withhold from the department's, agency's, or program's funds an amount equal to the veto. The commissioner of administration shall determine how much of such withholdings shall be from the state General Fund.

Section 10.A. Pursuant toArticle IV, Section 5(G)(2) and Article VII, Section 10(F) of the Louisiana Constitution, if at any time during Fiscal Year 2014-2015 the official budget status report indicates that appropriations will exceed the official revenue forecast, the governor shall have full power to reduce appropriations in accordance with R.S. 39:75. The governor shall have the authority to make adjustments to other means of financing and positions necessary to balance the budget as authorized by R.S. 39:75(C).

B. The governor shall have the authority within any month of the fiscal year to direct the commissioner of administration to disapprove warrants drawn upon the state treasury for appropriations contained in this Act which are in excess of amounts approved by the governor in accordance with R.S. 39:74.

C. The governor may also, and in addition to the other powers set forth herein, issue executive orders in a combination of any of the foregoing means for the purpose of preventing the occurrence of a deficit.

Section 11. Notwithstanding the provisions of Section 2 of this Act, the commissioner of administration shall make such technical adjustments as are necessary in the interagency transfers means of financing and expenditure categories of the appropriations in this Act to result in a balance between each transfer of funds from one budget unit to another budget unit in this Act. Such adjustments shall be strictly limited to those necessary to achieve this balance and shall in no way have the effect of changing the intended level of funding for a program or budget unit of this Act.

Section 12.A. For the purpose of paying appropriations made herein, all revenues due the state in Fiscal Year 2014-2015 shall be credited by the collecting agency to Fiscal Year 2014-2015 provided such revenues are received in time to liquidate obligations incurred during Fiscal Year 2014-2015.

B. A state board or commission shall have the authority to expend only those funds that are appropriated in this Act, except those boards or commissions which are solely supported
from private donations or which function as port commissions, levee boards or professional
and trade organizations.

Section 13.A. Notwithstanding any other law to the contrary, including any provision
of any appropriation act or any capital outlay act, no constitutional requirement or special
appropriation enacted at any session of the legislature, except the specific appropriations acts
for the payment of judgments against the state, of legal expenses, and of back supplemental
pay, the appropriation act for the expenses of the judiciary, and the appropriation act for
expenses of the legislature, its committees, and any other items listed therein, shall have
preference and priority over any of the items in the General Appropriation Act or the Capital
Outlay Act for any fiscal year.

B. In the event that more than one appropriation is made in this Act which is payable
from any specific statutory dedication, such appropriations shall be allocated and distributed
by the state treasurer in accordance with the order of priority specified or provided in the law
establishing such statutory dedication and if there is no such order of priority such
appropriations shall be allocated and distributed as otherwise provided by any provision of
law including this or any other act of the legislature appropriating funds from the state
treasury.

C. In accordance with R.S. 49:314(B)(1) and (2), appropriations from the Transportation
Trust Fund in the General Appropriation Act and the Capital Outlay Act shall have equal
priority. In the event revenues being received in the state treasury and being credited to the
fund which is the source of payment of any appropriation in such acts are insufficient to fully
fund the appropriations made from such fund source, the treasurer shall allocate money for
the payment of warrants drawn on such appropriations against such fund source during the
fiscal year on the basis of the ratio which the amount of such appropriation bears to the total
amount of appropriations from such fund source contained in both acts.

Section 14. Pay raises or supplements provided for by this Act shall in no way supplant
any local or parish salaries or salary supplements to which the personnel affected would be
ordinarily entitled.

Section 15. Any unexpended or unencumbered reward monies received by any state
agency during prior fiscal years pursuant to the Exceptional Performance and Efficiency
Incentive Program may be carried forward for expenditure in Fiscal Year 2014-2015, in
in accordance with the respective resolution granting the reward. The commissioner of
administration shall implement any internal budgetary adjustments necessary to effectuate
incorporation of these monies into the respective agencies' budgets for Fiscal Year 2014-
2015, and shall provide a summary list of all such adjustments to the Joint Legislative
Committee on the Budget by August 31.

Section 16. Should any section, subsection, clause, sentence, phrase, or part of the Act
for any reason be held, deemed or construed to be unconstitutional or invalid, such decisions
shall not affect the remaining provisions of the Act, and the legislature hereby declares that
it would have passed the Act, and each section, subsection, clause, sentence, phrase, or part
thereof, irrespective of the fact that one or more of the sections, subsections, clauses,
sentences, phrases, or parts thereof, is declared unconstitutional or invalid. To this end, the
provisions of this Act are hereby declared severable.

Section 17. A. All BA-7 budget transactions, including relevant changes to performance
information, submitted in accordance with this Act or any other provisions of law which
require approval by the Joint Legislative Committee on the Budget or joint approval by the
commissioner of administration and the Joint Legislative Committee on the Budget shall be
submitted to the commissioner of administration, Joint Legislative Committee on the
Budget, and Legislative Fiscal Office a minimum of sixteen working days prior to
consideration by the Joint Legislative Committee on the Budget. Each submission must
include full justification of the transaction requested, but submission in accordance with this
deadline shall not be the sole determinant of whether the item is actually placed on the
agenda for a hearing by the Joint Legislative Committee on the Budget. Transactions not
submitted in accordance with the provisions of this Section shall be considered by the
commissioner of administration and Joint Legislative Committee on the Budget only when
extreme circumstances requiring immediate action exist.

B. Notwithstanding any contrary provision of this Act or any contrary provision of law,
no funds appropriated by this Act shall be released or provided to any recipient of an
appropriation made in this Act if, when, and for as long as, the recipient fails or refuses to
comply with the provisions of R.S. 24:513. No recipient shall be considered to fail or refuse
to comply with the provisions of R.S. 24:513 pursuant to this Section during any extension
of time granted by the legislative auditor or the Legislative Audit Advisory Council. The
legislative auditor may grant a recipient, for good cause shown, an extension of time to comply with the provisions of R.S. 24:513. The Legislative Audit Advisory Council may grant additional extensions of time to comply with the provisions of R.S. 24:513 for recipient entities of an appropriation contained in this Act with recommendation by the legislative auditor pursuant to R.S. 39:72.1.

Section 18.A. Except for the conditions set forth in Subsection B of this Section, the following sums or so much thereof as may be necessary are hereby appropriated out of any monies in the state treasury from the sources specified; from federal funds payable to the state by the United States Treasury; or from funds belonging to the State of Louisiana and/or collected by boards, commissions, departments, and agencies thereof, for purposes specified herein for the year commencing July 1, 2014, and ending June 30, 2015. Funds appropriated to auxiliary accounts herein shall be from prior and current year collections, with the exception of state General Fund direct. The commissioner of administration is hereby authorized and directed to correct the means of financing and expenditures for any appropriation contained in Schedule 20-901 Sales Tax Dedications to reflect the enactment of any law enacted in any 2014 session of the Legislature which affects any such means of financing or expenditure. Further provided with regard to auxiliary funds, that excess cash funds, excluding cash funds arising from working capital advances, shall be invested by the state treasurer with the interest proceeds therefrom credited to each account and not transferred to the state General Fund. This Act shall be subject to all conditions set forth in Title 39 of the Louisiana Revised Statutes of 1950 as amended.

B.(1) No funds appropriated in this Act shall be transferred to a public or quasi-public agency or entity which is not a budget unit of the state unless the intended recipient of those funds submits, for approval, a comprehensive budget to the legislative auditor and the transferring agency showing all anticipated uses of the appropriation, an estimate of the duration of the project, and a plan showing specific goals and objectives for the use of such funds, including measures of performance. In addition, and prior to making such expenditure, the transferring agency shall require each recipient to agree in writing to provide written reports to the transferring agency at least every six months concerning the use of the funds and the specific goals and objectives for the use of the funds. In the event the transferring agency determines that the recipient failed to use the funds set forth in its
budget within the estimated duration of the project or failed to reasonably achieve its specific goals and objectives for the use of the funds, the transferring agency shall demand that any unexpended funds be returned to the state treasury unless approval to retain the funds is obtained from the division of administration and the Joint Legislative Committee on the Budget. Each recipient shall be audited in accordance with R.S. 24:513. If the amount of the public funds received by the provider is below the amount for which an audit is required under R.S. 24:513, the transferring agency shall monitor and evaluate the use of the funds to ensure effective achievement of the goals and objectives. The transferring agency shall forward to the legislative auditor, the division of administration, and the Joint Legislative Committee on the Budget a report showing specific data regarding compliance with this Section and collection of any unexpended funds. This report shall be submitted no later than May 1, 2015.

(2) Transfers to public or quasi-public agencies or entities that have submitted a budget request to the division of administration in accordance with Part II of Chapter 1 of Subtitle 1 of Title 39 of the Louisiana Revised Statutes of 1950 and transfers authorized by specific provisions of the Louisiana Revised Statutes of 1950 and the Constitution of the State of Louisiana to local governing authorities shall be exempt from the provisions of this Subsection.

(3) Notwithstanding any other provision of law or this Act to the contrary, if the name of an entity subject to Subsection (B) of this Section is misspelled or misstated in this Act or any other Act, the state treasurer may pay the funds appropriated to the entity without obtaining the approval of the Joint Legislative Committee on the Budget, but only after the entity has provided proof of its correct legal name to the state treasurer and transmitted a copy to the staffs of the House Committee on Appropriations and the Senate Committee on Finance.

C. The Department of Health and Hospitals shall continue to provide for immunizations in those parish health units which receive any funding from local governmental sources.

D. The commissioner of administration is authorized to add, eliminate, or transfer positions and expenses associated with the management of Executive Order No. BJ 2014-1 Executive Department – Limited Hiring Freeze to achieve an overall state general fund savings of $7 million from the effective date of January 15, 2014.
E. Appropriations contained in the Act designated as "SUPPLEMENTARY BUDGET RECOMMENDATIONS FROM THE FEES AND SELF-GENERATED REVENUES" in the event the revenues are recognized by the Revenue Estimating Conference.

F. The commissioner of administration is hereby authorized and directed to adjust the appropriations contained in this Act to achieve a State General Fund (Direct) savings of at least $75,659,793. Such adjustments shall include the reductions from efficiencies recommendations contained in the Governmental Efficiencies Management Support report prepared by Alvarez and Marsal and presented to the Senate Committee on Finance on May 19, 2014. These reductions from efficiencies were reported to be savings of at least $685,000 in the Division of Administration; $10,506,000 in the Department of Transportation and Development; $9,408,000 in the Department of Public Safety and Corrections - Corrections Services; $5,130,000 in the Department of Public Safety and Corrections - Public Safety Services; $1,280,000 in the Department of Public Safety and Corrections - Youth Services; $4,996,000 in the Department of Health and Hospitals; $12,565,000 in the Office of Risk Management; $4,562,000 in cross-agency expenditures; $17,963,000 in Procurement; and $4,130,000 in real estate. Proposed reductions from efficiencies shall not include closure of any Office of Motor Vehicles field offices nor any decrease in the number of hours the Cameron ferry is in operation, as presented in the report submitted to the Senate Committee on Finance. Further, the commissioner of administration shall present a report to the Joint Legislative Committee on the Budget no later than July 1, 2014, regarding the information received from Alvarez and Marsal pursuant to the contract to provide Governmental Efficiencies Management Support, which includes identification of savings, efficiencies, and revenue maximization initiatives that meet or exceed $500,000,000 in state funds. The report shall include details on the efficiencies and savings identified by Alvarez and Marsal, and how such efficiencies and savings may impact the $982.5 million identified by the Legislative Fiscal Office in their report to the chairman of the House Appropriations Committee dated April 7, 2014, as resources utilized in Fiscal Year 2014-2015 that will likely require another revenue source in Fiscal Year 2015-2016. Further, such report required by this Section shall include information on the implementation of such efficiencies and savings recommended by Alvarez and Marsal.
G. Notwithstanding any law to the contrary, the Secretary of the Department of Children and Family Services may transfer, with the approval of the commissioner of administration via mid-year budget adjustment (BA-7 Form), the Child Care Development Fund, related functions, and the necessary authorized positions to the Department of Education for the implementation of the Louisiana Early Childhood Education Act in accordance with Act 3 of the 2012 Regular Session of the Legislature and in the event that Senate Bill No. 524 of the 2014 Regular Session of the Legislature is enacted into law.
