HB 60 Original  2015 Regular Session  Carmody

Abstract: Creates the La. Postsecondary Education Board of Trustees as a single governing board for public postsecondary education; abolishes the Board of Regents and the management boards of the postsecondary education systems, and transfers the powers, duties, and responsibilities of the abolished boards to the new Board of Trustees.

Present constitution, relative to public postsecondary education governance:

1. Establishes the Board of Regents to plan, coordinate, and have budgetary responsibility for all public postsecondary education.

2. Creates the Board of Supervisors for the University of La. System, the Board of Supervisors of La. State University and Agricultural and Mechanical College, and the Board of Supervisors of Southern University and Agricultural and Mechanical College, all having supervision and management responsibilities for "four-year" colleges and universities and agricultural and other system programs.

3. Creates and provides for the Board of Supervisors of Community and Technical Colleges, which is the management board for all programs of public postsecondary vocational-technical training, and, as provided by law, institutions of higher education which offer associate degrees but not baccalaureate degrees.

Present constitution specifies the powers of the Board of Regents. Provides that powers of management over public institutions of postsecondary education not specifically vested by the constitution in the Board of Regents are reserved to the management boards as to the institutions under the control of each.

Proposed constitutional amendment abolishes the Board of Regents and all four management boards and creates the La. Postsecondary Education Board of Trustees. Provides that the Board of Trustees shall have the powers of the Board of Regents to plan, coordinate, and have budgetary responsibility for all public postsecondary education and shall also have the management and supervision authority of the management boards.

Present constitution provides that the Board of Regents is comprised of two members from each congressional district and remaining members from the state at large, all appointed by the governor, subject to Senate confirmation, for staggered six-year terms. Provides that the board should be representative of the state's population by race and gender to ensure diversity. Proposed constitutional amendment retains these provisions applicable to the Board of Trustees.

Present constitution authorizes the legislature to provide for one student member to serve on the Board of Regents for one term of one year and to have the rights of other board members. Proposed constitutional amendment retains these provisions applicable to the Board of Trustees.

Proposed constitutional amendment otherwise generally provides that the Board of Trustees exercises the powers and duties of the abolished Board of Regents, including authority:
