Provides for a subcommittee of the Joint Legislative Committee on the Budget to conduct sunset reviews of state departments.

The proposed legislation creates the statutory entity review subcommittee of the Joint Legislative Committee on the Budget (JLCB) to review information received by standing committees under the Sunset Law (R.S. 49:190) from each statutory entity. It authorizes the review subcommittee to conduct evaluation hearings to determine if a statutory entity shall continue, modify, or terminate; to conduct hearing to review, analysis and study the listings of unfunded programs and acts for which implementing funds were not appropriated in the prior fiscal year; and to conduct hearings on the undersecretary reports relating to management and program analysis due prior to December 5th of each year. The JLCB shall provide for the size, membership, appointment, all administrative matters, and the delegated powers and duties of the statutory entity review subcommittee. The subcommittee may request the assistance of the Legislative Fiscal Office and the legislative auditor to compile pertinent information about any statutory entity under review by the subcommittee.

**EXPENDITURE EXPLANATION**

The proposed legislation may result in an indeterminable increase in expenditures to conduct meetings of the subcommittee. The impact on expenditures will depend on the number of members appointed to the subcommittee and the number of meetings held to conduct hearings. Members will be eligible for legislative per diem of \$157 plus mileage reimbursement, which is currently \$0.54 per mile. However, such costs could be reduced or eliminated if these hearings coincide with a regularly scheduled JLCB meeting, which typically meets monthly or during the period of a legislative session.

The Legislative Auditor (LLA) has indicated that if the workload is not of a minimal nature, the cost will be \$10,500 for every 100 hours committed to the review subcommittee.

The Legislative Fiscal Office will likely absorb any additional duties with existing staff and resources.

**REVENUE EXPLANATION**

There is no anticipated direct material effect on governmental revenues as a result of this measure.
