

RÉSUMÉ DIGEST

ACT 775 (SB 501)

2026 Regular Session

Jackson-Andrews

New law requires the La. Dept. of Health (LDH), or its designated nonprofit organization, to produce and distribute signs or posters for student health centers on public postsecondary education institutions that provide a website link to information and resources on STI prevention, screening, and treatment listed on the LDH website.

New law defines a "designated nonprofit organization".

New law requires the signs to read "Worried about STIs? Just Check!". New law requires signs to be at least 16 inches by 20 inches and the text to be printed in a large, easily readable font.

Effective June 2, 2026.
