**EXPENDITURE EXPLANATION**

There is no anticipated direct material effect on governmental expenditures as a result of this measure.

**REVENUE EXPLANATION**

Proposed law will decrease SGR for the Office of the State Fire Marshal (OSFM) by an indeterminable amount. The proposed legislation exempts potable water boilers from inspection provided they have a capacity of 120 gallons or less and if rated at 200,000 British Thermal Units (BTUs) or less. For reference, the OSFM reports that it collected approximately \$376,000 in fees associated with conducting these inspections in FY 15. Presently each potable water boiler inspection carries an associated fee of \$15. However, because the exact number of boilers that will no longer be inspected is unknown, the exact revenue decrease is indeterminable.
