DIGEST 2017 Regular Session

Donahue

<u>Present law</u> provides that the budget office under the direction of the division of administration shall furnish each budget unit a set of guidelines to allow the office to establish a continuation budget. The continuation budget is defined as that funding level for each budget unit which reflects the financial resources necessary to carry on all existing programs and functions of the budget unit at their current level of service in the ensuing fiscal year.

<u>Proposed law</u> retains <u>present law</u> and requires the budget office to also prepare a non-discretionary adjusted standstill budget as well as a continuation budget. Additionally, both budgets shall be submitted to the Joint Legislative Committee on the Budget at the first meeting in January of each year.

<u>Proposed law</u> provides that upon receipt of a budget unit's non-discretionary adjusted standstill budget estimate, the division of administration shall review the estimates for reasonableness and then combine the agency estimates with the mandatory statewide standard adjustments, which shall constitute the non-discretionary adjusted standstill budget for the ensuing fiscal year.

<u>Proposed law</u> provides that the non-discretionary adjusted standstill budget shall be based upon the assumption that current law and administrative rules shall remain in effect for the estimate year.

<u>Proposed law</u> requires the non-discretionary adjusted standstill budget and the continuation budget to be contained in the same document.

<u>Proposed law</u> further requires that the non-discretionary adjusted standstill budget shall be presented at the same meeting of the Joint Legislative Committee on the Budget as the continuation budget.

Effective July 1, 2017.
