

## RÉSUMÉ DIGEST

**ACT 330 (HB 56)**

**2017 Regular Session**

**Price**

Existing law authorizes the West Ascension Parish Hospital Service District to levy and collect a sales and use tax within the boundaries of the district. Prior law provided that such tax could not exceed 1/2%. New law reduces the maximum amount of the sales and use tax from 1/2% to 1/4%, subject to voter approval. Requires the district's governing authority to submit to the voters the proposition on the question of the decrease of such tax no later than the congressional primary election in 2018.

Effective July 1, 2017.

(Amends R.S. 47:338.164(A))
