depletion allowance under R.S. 47:66 be less than it would be if computed without
reference to this Subsection.
D. Percentage depletion for coal and metal mines and sulphur. The
allowance for depletion under R.S. 47:66 shall be, in the case of coal mines, three
and six-tenths of one four percent, in the case of metal mines, ten and eight-tenths
of one eleven percent, and in the case of sulphur mines or deposits, fifteen and eight-
tenths of one sixteen percent, of the gross income from the property during the
taxable year, excluding from such gross income an amount equal to seventy-two
percent of any rents or royalties paid or incurred by the taxpayer in respect of the
property. Such allowance shall not exceed thirty-six percent of the net income of the
taxpayer, computed without allowance for depletion from the property. A taxpayer
making his first return under this Chapter or under Act 21 of 1934 in respect of a
property, shall state whether he elects to have the depletion allowance for such
property for the taxable year for which the return is made computed with or without

C. Additions. The following items are declared allowable as deductions in the computation of net income and shall be added to the deductions allowed under federal law to the extent not already included therein:

regard to percentage depletion, and the depletion allowance in respect of such

property for such year and all succeeding taxable years shall be computed according

to the election thus made. If the taxpayer fails to make such statement in the return,

the depletion allowance for such property for all taxable years shall be computed

without reference to percentage depletion. This Subsection shall not be construed

as granting a new election to any taxpayer relative to any property with respect to

HB 22 Engrossed

2018 First Extraordinary Session

Shadoin

**Abstract:** Repeals the sunset for various reductions in corporate income tax exclusions and deductions thereby making the reductions permanent.

<u>Previous Act of the legislature</u> (Act No. 123 of 2015 R.S.) temporarily reduced certain allowable exclusions and deductions from corporate income tax. <u>Present law</u> provides that those exclusions and deductions return to their former rates effective July 1, 2018.

<u>Proposed law</u> removes provision for return to the former rates, thereby making the following 2015 reductions permanent:

- (1) Exclusion of funds received by a corporation from a governmental entity to subsidize the operation and maintenance of a public transportation system; 72% exclusion is retained rather than return to 100%. (R.S. 47:51)
- (2) Deduction of net operating loss of a corporation; 72% deduction is retained rather than return to 100%. (R.S. 47:246)
- (3) Exclusion of funds received from a governmental entity to subsidize the operation and maintenance of a public transportation system; 72% deduction is retained rather than return to 100%. (R.S. 47:287.71)
- (4) Deduction of various corporate expenses that are not allowed as deductions by I.R.C. Section 280C; 72% deduction is retained rather than return to 100%. (R.S. 47:287.73)
- (5) Deduction of net operating loss incurred in La.; 72% deduction is retained rather than return to 100%. (R.S. 47:287.86)
- (6) Deduction of an amount equal to interest and dividend income included on the federal income tax return; 72% deduction is retained rather than return to 100%. (R.S. 47:287.738)

CODING: Words in struck through type are deletions from existing law; words <u>underscored</u> are additions.

(7) Exemption from corporation income and franchise taxes for certain La. Community Development Institutions; a four-year exemption is retained rather than return to five years. (R.S. 51:3092)

<u>Present law</u> provides that the allowance for depletion for oil and gas wells is 15.8% of the gross income from the property during the taxable year. <u>Proposed law</u> changes that rate <u>from</u> 15.8% to 16%. <u>Present law</u>, effective now, provides that 80% of rents or royalties paid by the taxpayer are excluded from income in calculating the depletion and that this allowance shall not exceed 36% of the net income of the taxpayer. <u>Present law</u>, effective July 1, 2018, provides that: the depletion allowance is 22%; 100% of rents or royalties paid by the taxpayer are excluded from income; and this allowance shall not exceed 50% of the net income of the taxpayer. <u>Proposed law</u> repeals <u>present law</u> that would become effective July 1, 2018, thereby retaining present law as currently effective. (R.S. 47:158(C))

<u>Proposed law</u>, relative to the allowance for depletion for certain mines, changes the rate for coal mines <u>from</u> 3.6% <u>to</u> 4%; for metal mines <u>from</u> 10.8% <u>to</u> 11%; and for sulphur mines <u>from</u> 15.8% <u>to</u> 16%. <u>Present law</u>, effective now, provides that 72% of rents or royalties paid by the taxpayer are excluded from income in calculating the depletion and that this allowance shall not exceed 36% of the net income of the taxpayer. <u>Present law</u>, effective July 1, 2018, provides that: the depletion allowances are 5% for coal mines, 15% for metal mines, and 23% for sulphur mines; 100% of rents or royalties paid by the taxpayer are excluded from income; and this allowance shall not exceed 50% of the net income of the taxpayer. <u>Proposed law</u> repeals <u>present law</u> that would become effective July 1, 2018, thereby retaining present law as currently effective. (R.S. 47:158(D))

<u>Present law</u> provides that the deduction from gross income tax for depletion for oil and gas wells is 15.8% of the gross income from the property during the taxable year. <u>Proposed law</u> changes that rate <u>from 15.8% to 16%</u>. <u>Present law</u>, effective now, provides that 72% of rents or royalties paid by the taxpayer are excluded from income in calculating the depletion and that this allowance shall not exceed 36% of the net income of the taxpayer. <u>Present law</u>, effective July 1, 2018, provides that: the depletion deduction is 22%; 100% of rents or royalties paid by the taxpayer are excluded from income; and that this allowance shall not exceed 50% of the net income of the taxpayer. <u>Proposed law</u> repeals <u>present law</u> that would become effective July 1, 2018, thereby retaining <u>present law</u> as currently effective. (R.S. 47:287.745(B))

Effective July 1, 2018, but only if the Acts which originated as House Bill Nos. 2, 3, 12, 23, and 29 of this 2018 First E. S. are enacted, if HCR No. 2 of this 2018 First E.S. is adopted, and the proposed amendment of Article VII of the Constitution of Louisiana contained in the Act which originated as HB No. 15 of this 2018 First E.S. is adopted by the legislature.

(Amends R.S. 47:158(C) and (D), 287.73(C)(4), and 287.745(B) and §6 of Act No. 123 of 2015 R.S.; Repeals §§3 and 4 of Act No. 123 of 2015 R.S.)

## Summary of Amendments Adopted by House

The Committee Amendments Proposed by <u>House Committee on Ways and Means</u> to the <u>original</u> bill:

- 1. Make a technical change to a reference to federal law.
- 2. Change the effective date of <u>proposed law from governor's signature to</u> effectiveness based on enactment of HB Nos. 2, 3, 12, 23, and 29, adoption of HCR No. 2, and the proposed amendment of Article VII of the Constitution contained in the Act which originated as HB No. 15 is adopted, all from the 2018 First E.S.
