Provides relative to foreign language immersion programs in public schools

Present law authorizes a local school board to establish a foreign language program in any school and provides for the process by which a program may be established. Requires BESE to designate a program that meets specified criteria as a certified program; further requires BESE to include a component in the school and district accountability system for a school that establishes, maintains or expands a program. **Proposed law** clarifies that foreign language immersion program means any type of dual language immersion program. Further adds a requirement that parents are notified by March 15 as to whether the requisite number of requests were submitted to establish a program.

EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure. Dual language programs vary in structure and implementation across the states and may include different delivery models. This provides clarification to ensure all delivery models are included in law as applicable.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.
