HOUSE BILL NO. 103

BY REPRESENTATIVE LEGER

APPROPRIATIONS: Provides for the ordinary operating expenses of state government for Fiscal Year 2019-2020

| 1 | AN ACT |
|----|---|
| 2 | Making annual appropriations for Fiscal Year 2019-2020 for the ordinary expenses of the |
| 3 | executive branch of state government, pensions, public schools, public roads, public |
| 4 | charities, and state institutions and providing with respect to the expenditure of said |
| 5 | appropriations. |
| 6 | Be it enacted by the Legislature of Louisiana: |
| 7 | Section 1. The appropriations in this Act from state revenue shall be payable out of |
| 8 | the sources specified and shall be limited by the provisions of Article VII, Section 10(D) of |
| 9 | the Louisiana Constitution. |
| 10 | Section 2. All money from federal, interagency, statutory dedications, or self- |
| 11 | generated revenues shall be available for expenditure in the amounts herein appropriated. |
| 12 | Any increase in such revenues shall be available for allotment and expenditure by an agency |
| 13 | on approval of an increase in the appropriation by the commissioner of administration and |
| 14 | the Joint Legislative Committee on the Budget. Any increase in such revenues for an agency |
| 15 | without an appropriation from the respective revenue source shall be incorporated into the |
| 16 | agency's appropriation on approval of the commissioner of administration and the Joint |
| 17 | Legislative Committee on the Budget. In the event that these revenues should be less than |
| 18 | the amount appropriated, the appropriation shall be reduced accordingly. To the extent that |
| 19 | such funds were included in the budget on a matching basis with state funds, a corresponding |
| 20 | decrease in the state matching funds may be made. Any federal funds which are classified |
| 21 | as disaster or emergency may be expended prior to approval of a BA-7 by the Joint |

Legislative Committee on the Budget upon the secretary's certifying to the governor that any delay would be detrimental to the state. The Joint Legislative Committee on the Budget shall be notified in writing of such declaration and shall meet to consider such action, but if it is found by the committee that such funds were not needed for an emergency expenditure, such approval may be withdrawn and any balance remaining shall not be expended.

7 Section 3.A. Notwithstanding any other law to the contrary, the functions of any 8 department, agency, program, or budget unit of the executive branch, except functions in 9 departments, agencies, programs, or budget units of other statewide elected officials, may 10 be transferred to a different department, agency, program, or budget unit for the purpose of 11 economizing the operations of state government by executive order of the governor. 12 Provided, however, that each such transfer must, prior to implementation, be approved by 13 the commissioner of administration and Joint Legislative Committee on the Budget. Further, 14 provided that no transfers pursuant to this Section shall violate the provisions of Title 36, 15 Organization of the Executive Branch of State Government.

B. In the event that any agency, budget unit, program, or function of a department is transferred to any other department, agency, program, or budget unit by other Act or Acts of the legislature, the commissioner of administration shall make the necessary adjustments to appropriations through the notification of appropriation process, or through approval of mid-year adjustments. All such adjustments shall be in strict conformity with the provisions of the Act or Acts which provide for the transfers.

C. Notwithstanding any other law to the contrary and before the commissioner of administration shall authorize the purchase of any luxury or full-size motor vehicle for personal assignment by a statewide elected official other than the governor and lieutenant governor, such official shall first submit the request to the Joint Legislative Committee on the Budget for approval. "Luxury or full-sized motor vehicle" shall mean or refer to such vehicles as defined or used in rules or guidelines promulgated and implemented by the Division of Administration.

D. Notwithstanding any provision of law to the contrary, each agency which hascontracted with outside legal counsel for representation in an action against another agency,

1 shall submit a detailed report of all litigation costs incurred and payable to the outside 2 counsel to the commissioner of administration, the legislative committee charged with 3 oversight of that agency, and the Joint Legislative Committee on the Budget. The report 4 shall be submitted on a quarterly basis, each January, April, July, and October, and shall 5 include all litigation costs paid and payable during the prior quarter. For purposes of this 6 Subsection, the term "litigation expenses" shall mean court costs and attorney fees of the 7 agency and of the other party if the agency was required to pay such costs and fees. The 8 commissioner of administration shall not authorize any payments for any such contract until 9 such report for the prior quarter has been submitted.

E. Notwithstanding any provision of law to the contrary, each agency may use a portion of its appropriations contained in this Act for the expenditure of funds for salaries and related benefits for smoking cessation wellness programs, including pharmacotherapy and behavioral counseling for state employees of the agency.

Section 4. Each schedule as designated by a five-digit number code for which an
appropriation is made in this Act is hereby declared to be a budget unit of the state.

16 Section 5.A. The program descriptions, account descriptions, general performance 17 information, and the role, scope, and mission statements of postsecondary education 18 institutions contained in this Act are not part of the law and are not enacted into law by 19 virtue of their inclusion in this Act.

B. All key and supporting performance objectives and indicators for the departments, agencies, programs, and budget units contained in the Governor's Proposed Budget Supporting Document shall be adjusted by the commissioner of administration to reflect the funds appropriated therein. The commissioner of administration shall report on these adjustments to the Joint Legislative Committee on the Budget by August 15 of the current fiscal year.

C. The discretionary and nondiscretionary allocations if contained in this Act are provided in accordance with R.S. 39:51(A)(3) and are to provide information to assist in legislative decision making and shall not be construed to limit the expenditures or means of financing of an agency, budget unit, or department to the discretionary or nondiscretionary amounts contained in this Act.

- D. The expenditure category allocations contained in this Act are provided in accordance with R.S. 39:51(C) and are to provide information to assist in legislative decision making and shall not be construed to limit the expenditures or means of financing of an agency, budget unit, or department to the expenditure category amounts contained in this Act.
- E. The incentive programs, expenditures, and benefits contained in this Act are
 provided in accordance with R.S. 39:51(A)(2) and are not included as, nor counted towards,
 the operating expenses of the department, agency, or authority.

9 F. The prior year budget and positions contained in this Act are provided in 10 accordance with R.S. 39:51 and are to provide information to assist in legislative decision 11 making and shall not be construed as additional expenditures, means of financing, or 12 positions of an agency, budget unit, or department.

13 Section 6.A. Unless expressly provided in this Act, funds cannot be transferred 14 between departments or schedules receiving appropriations. However, any unencumbered 15 funds which accrue to an appropriation within a department or schedule of this Act due to 16 policy, programmatic, or cost-saving/avoidance measures may, upon approval by the 17 commissioner of administration and the Joint Legislative Committee on the Budget, be 18 transferred to any other appropriation within that same department or schedule. Each request 19 for the transfer of funds pursuant to this Section shall include full written justification. The 20 commissioner of administration, upon approval by the Joint Legislative Committee on the 21 Budget, shall have the authority to transfer between departments funds associated with lease 22 agreements between the state and the Office of Facilities Corporation. The commissioner 23 of administration shall, in accordance with R.S. 15:827.3, transfer between departments or 24 schedules of this Act any unencumbered funds which accrue to an appropriation due to the 25 prior year savings achieved as a result of legislation relative to the criminal justice system 26 enacted in the 2017 Regular Session of the Legislature.

B. In conjunction with the continuing assessment of the existing staff, assets,
contracts, and facilities of each department, agency, program or budget unit's information
technology resources and procurement resources, upon completion of this assessment and
to the extent optimization of these resources will result in the projected cost savings through

staff reductions, realization of operational efficiencies, cost avoidance, and elimination of asset duplication, the commissioner of administration is authorized to transfer the functions, positions, assets, and funds from any other department, agency, program, or budget units related to these optimizations to a different department. The provisions of this Subsection shall not apply to the Department of Culture, Recreation and Tourism, or any agency contained in Schedule 04, Elected Officials, of this Act.

C. The commissioner of administration shall review all existing leases for office and warehouse space and compare the rent per square foot of such space to the market rent of similar space in the same market. The commissioner of administration is authorized and directed to renegotiate all leases that are in excess of the market rent to bring the rent in line with the market rent. The commissioner of administration, upon approval of the Joint Legislative Committee on the Budget, shall have the authority to transfer between departments funds from any savings from renegotiated leases.

Section 7. The state treasurer is hereby authorized and directed to use any available funds on deposit in the state treasury to complete the payment of General Fund appropriations for the current fiscal year. In order to conform to the provisions of P.L. 101-453, the Cash Management Improvement Act of 1990, and in accordance with the agreement executed between the state and Financial Management Services, a division of the U.S. Treasury, the state treasurer is hereby authorized to release checks drawn on federally funded appropriations prior to the receipt of funds from the U.S. Treasury.

Section 8.A.(1) The figures in parentheses following the designation of a program
are the total authorized positions and authorized other charges positions for that program.
If there are no figures following a department, agency, or program, the commissioner of
administration shall have the authority to set the number of positions.

(2) The commissioner of administration, upon approval of the Joint Legislative
Committee on the Budget, shall have the authority to transfer positions between departments,
agencies, or programs or to increase or decrease positions and associated funding necessary
to effectuate such transfers.

(3) The number of authorized positions and authorized other charges positionsapproved for each department, agency, or program as a result of the passage of this Act may

be increased by the commissioner of administration in conjunction with the transfer of
 functions or funds to that department, agency, or program when sufficient documentation
 is presented and the request deemed valid.

4 (4) The number of authorized positions and authorized other charges positions 5 approved in this Act for each department, agency, or program may also be increased by the 6 commissioner of administration when sufficient documentation of other necessary 7 adjustments is presented and the request is deemed valid. The total number of such positions 8 so approved by the commissioner of administration may not be increased in excess of three 9 hundred fifty. However, any request which reflects an annual aggregate increase in excess 10 of twenty-five positions for any department, agency, or program must also be approved by 11 the Joint Legislative Committee on the Budget.

B. Orders from the Civil Service Commission or its designated referee which direct an agency to pay attorney fees for a successful appeal by an employee may be paid out of an agency's appropriation from the expenditure category professional services; provided, however, that an individual expenditure pursuant to this Subsection may not exceed \$1,500 in accordance with Civil Service Rule 13.35(a).

17 C. The budget request of any agency with an appropriation level of thirty million 18 dollars or more shall include, within its existing table of organization, positions which 19 perform the function of internal auditing, including the position of a chief audit executive. 20 The chief audit executive shall be responsible for ensuring that the internal audit function 21 adheres to the Institute of Internal Auditors, International Standards for the Professional 22 Practice of Internal Auditing. The chief audit executive shall maintain organizational 23 independence in accordance with these standards and shall have direct and unrestricted 24 access to the commission, board, secretary, or equivalent head of the agency. The chief 25 audit executive shall certify to the commission, board, secretary, or equivalent head of the 26 agency that the internal audit function conforms to the Institute of Internal Auditors, 27 International Standards for the Professional Practice of Internal Auditing.

D. In the event that any cost assessment allocation proposed by the Office of Group
Benefits becomes effective during the current fiscal year, each budget unit contained in this
Act shall pay out of its appropriation an amount no less than 75% of total premiums for all

1 active employees and those retirees with Medicare in accordance with R.S. 42:851(D)(1) for 2 the state basic health insurance indemnity program.

3 E. In the event that any cost allocation or increase recommended by the Public 4 Retirement Systems' Actuarial Committee through adoption of a valuation submitted to the 5 Joint Legislative Committee on the Budget and the House and Senate committees on 6 retirement becomes effective before or during the current fiscal year, each budget unit shall 7 pay out of its appropriation funds necessary to satisfy the requirements of such increase.

8 Section 9. In the event the governor shall veto any line item expenditure and such 9 veto shall be upheld by the legislature, the commissioner of administration shall withhold 10 from the department's, agency's, or program's funds an amount equal to the veto. The 11 commissioner of administration shall determine how much of such withholdings shall be 12 from the state General Fund.

13 Section 10.A. Pursuant to Article IV, Section 5(G)(2) and Article VII, Section 10(F) 14 of the Louisiana constitution, if at any time during the current fiscal year the official budget 15 status report indicates that appropriations will exceed the official revenue forecast, the 16 governor shall have full power to reduce appropriations in accordance with R.S. 39:75. The 17 governor shall have the authority to make adjustments to other means of financing and 18 positions necessary to balance the budget as authorized by R.S. 39:75(C).

19 B. The governor shall have the authority within any month of the fiscal year to direct 20 the commissioner of administration to disapprove warrants drawn upon the state treasury for 21 appropriations contained in this Act which are in excess of amounts approved by the 22 governor in accordance with R.S. 39:74.

23 C. The governor may also, and in addition to the other powers set forth herein, issue 24 executive orders in a combination of any of the foregoing means for the purpose of 25 preventing the occurrence of a deficit.

26 Section 11. Notwithstanding the provisions of Section 2 of this Act, the 27 commissioner of administration shall make such technical adjustments as are necessary in 28 the interagency transfers means of financing and expenditure categories of the appropriations 29 in this Act to result in a balance between each transfer of funds from one budget unit to 30 another budget unit in this Act. Such adjustments shall be strictly limited to those necessary to achieve this balance and shall in no way have the effect of changing the intended level of
 funding for a program or budget unit of this Act.

Section 12.A. For the purpose of paying appropriations made herein, all revenues due the state in the current fiscal year shall be credited by the collecting agency to the current fiscal year provided such revenues are received in time to liquidate obligations incurred during the current fiscal year.

B. A state board or commission shall have the authority to expend only those funds
that are appropriated in this Act, except those boards or commissions which are solely
supported from private donations or which function as port commissions, levee boards or
professional and trade organizations.

11 Section 13.A. Notwithstanding any other law to the contrary, including any 12 provision of any appropriation act or any capital outlay act, no constitutional requirement 13 or special appropriation enacted at any session of the legislature, except the specific 14 appropriations acts for the payment of judgments against the state, of legal expenses, and of 15 back supplemental pay, the appropriation act for the expenses of the judiciary, and the 16 appropriation act for expenses of the legislature, its committees, and any other items listed 17 therein, shall have preference and priority over any of the items in the General Appropriation 18 Act or the Capital Outlay Act for any fiscal year.

B. In the event that more than one appropriation is made in this Act which is payable from any specific statutory dedication, such appropriations shall be allocated and distributed by the state treasurer in accordance with the order of priority specified or provided in the law establishing such statutory dedication and if there is no such order of priority such appropriations shall be allocated and distributed as otherwise provided by any provision of law including this or any other act of the legislature appropriating funds from the state treasury.

C. In accordance with R.S. 49:314(B)(1) and (2) appropriations from the Transportation Trust Fund in the General Appropriation Act and the Capital Outlay Act shall have equal priority. In the event revenues being received in the state treasury and being credited to the fund which is the source of payment of any appropriation in such acts are insufficient to fully fund the appropriations made from such fund source, the treasurer shall

- allocate money for the payment of warrants drawn on such appropriations against such fund
 source during the fiscal year on the basis of the ratio which the amount of such appropriation
 bears to the total amount of appropriations from such fund source contained in both acts.
- Section 14. Pay raises or supplements provided for by this Act shall in no way
 supplant any local or parish salaries or salary supplements to which the personnel affected
 would be ordinarily entitled.

7 Section 15. Any unexpended or unencumbered reward monies received by any state 8 agency during prior fiscal years pursuant to the Exceptional Performance and Efficiency 9 Incentive Program may be carried forward for expenditure from the prior fiscal year to the 10 current fiscal year, in accordance with the respective resolution granting the reward. The 11 commissioner of administration shall implement any internal budgetary adjustments 12 necessary to effectuate incorporation of these monies into the respective agencies' budgets 13 for the current fiscal year, and shall provide a summary list of all such adjustments to the 14 Joint Legislative Committee on the Budget by August 31 of the current fiscal year.

Section 16. Should any section, subsection, clause, sentence, phrase, or part of the Act for any reason be held, deemed or construed to be unconstitutional or invalid, such decisions shall not affect the remaining provisions of the Act, and the legislature hereby declares that it would have passed the Act, and each section, subsection, clause, sentence, phrase, or part thereof, irrespective of the fact that one or more of the sections, subsections, clauses, sentences, phrases, or parts thereof, is declared unconstitutional or invalid. To this end, the provisions of this Act are hereby declared severable.

22 Section 17.A. All BA-7 budget transactions, including relevant changes to 23 performance information, submitted in accordance with this Act or any other provisions of 24 law which require approval by the Joint Legislative Committee on the Budget or joint 25 approval by the commissioner of administration and the Joint Legislative Committee on the 26 Budget shall be submitted to the commissioner of administration, Joint Legislative 27 Committee on the Budget, and Legislative Fiscal Office a minimum of sixteen working days 28 prior to consideration by the Joint Legislative Committee on the Budget. Each submission 29 must include full justification of the transaction requested, but submission in accordance 30 with this deadline shall not be the sole determinant of whether the item is actually placed on

the agenda for a hearing by the Joint Legislative Committee on the Budget. Transactions not submitted in accordance with the provisions of this Section shall be considered by the commissioner of administration and Joint Legislative Committee on the Budget only when extreme circumstances requiring immediate action exist.

5 B. Notwithstanding any contrary provision of this Act or any contrary provision of 6 law, no funds appropriated by this Act shall be released or provided to any recipient of an 7 appropriation made in this Act if, when, and for as long as, the recipient fails or refuses to 8 comply with the provisions of R.S. 24:513. No recipient shall be considered to fail or refuse 9 to comply with the provisions of R.S. 24:513 pursuant to this Section during any extension 10 of time granted by the legislative auditor or the Legislative Audit Advisory Council. The 11 legislative auditor may grant a recipient, for good cause shown, an extension of time to 12 comply with the provisions of R.S. 24:513. The Legislative Audit Advisory Council may 13 grant additional extensions of time to comply with the provisions of R.S. 24:513 for recipient 14 entities of an appropriation contained in this Act with recommendation by the legislative 15 auditor pursuant to R.S. 39:72.1.

16 Section 18.A. Except for the conditions set forth in Subsection B of this Section, the 17 following sums or so much thereof as may be necessary are hereby appropriated out of any 18 monies in the state treasury from the sources specified; from federal funds payable to the 19 state by the United States Treasury; or from funds belonging to the State of Louisiana and/or 20 collected by boards, commissions, departments, and agencies thereof, for purposes specified 21 herein for the current fiscal year. Funds appropriated to auxiliary accounts herein shall be 22 from prior and current year collections, with the exception of state General Fund (Direct). 23 The commissioner of administration is hereby authorized and directed to correct the means 24 of financing and expenditures for any appropriation contained in Schedule 20-901 Sales Tax 25 Dedications to reflect current law enacted in any session of the Legislature which affects any 26 such means of financing or expenditure. Further provided with regard to auxiliary funds, 27 that excess cash funds, excluding cash funds arising from working capital advances, shall 28 be invested by the state treasurer with the interest proceeds therefrom credited to each 29 account and not transferred to the state General Fund. This Act shall be subject to all 30 conditions set forth in Title 39 of the Louisiana Revised Statutes of 1950 as amended.

1 B.(1) No funds appropriated in this Act shall be transferred to a public or quasi-2 public agency or entity which is not a budget unit of the state unless the intended recipient 3 of those funds submits, for approval, a comprehensive budget to the legislative auditor and 4 the transferring agency showing all anticipated uses of the appropriation, an estimate of the 5 duration of the project, and a plan showing specific goals and objectives for the use of such 6 funds, including measures of performance. In addition, and prior to making such 7 expenditure, the transferring agency shall require each recipient to agree in writing to 8 provide written reports to the transferring agency at least every six months concerning the 9 use of the funds and the specific goals and objectives for the use of the funds. In the event 10 the transferring agency determines that the recipient failed to use the funds set forth in its 11 budget within the estimated duration of the project or failed to reasonably achieve its 12 specific goals and objectives for the use of the funds, the transferring agency shall demand 13 that any unexpended funds be returned to the state treasury unless approval to retain the 14 funds is obtained from the division of administration and the Joint Legislative Committee 15 on the Budget. Each recipient shall be audited in accordance with R.S. 24:513. If the 16 amount of the public funds received by the provider is below the amount for which an audit 17 is required under R.S. 24:513, the transferring agency shall monitor and evaluate the use of 18 the funds to ensure effective achievement of the goals and objectives. The transferring 19 agency shall forward to the legislative auditor, the division of administration, and the Joint 20 Legislative Committee on the Budget a report showing specific data regarding compliance 21 with this Section and collection of any unexpended funds. This report shall be submitted 22 no later than May 1 of the current fiscal year.

(2) Transfers to public or quasi-public agencies or entities that have submitted a
budget request to the division of administration in accordance with Part II of Chapter 1 of
Subtitle 1 of Title 39 of the Louisiana Revised Statutes of 1950 and transfers authorized by
specific provisions of the Louisiana Revised Statutes of 1950 and the Constitution of the
State of Louisiana to local governing authorities shall be exempt from the provisions of this
Subsection.
