Colomb

Present constitution creates a fire and police civil service system applicable to municipalities of over 13,000 population and parishes and fire protection districts. Provides that the system is subject to Art. XIV, §15.1 of the 1921 Constitution made statutory by the 1974 Constitution. Present law creates and provides for two fire and police civil service systems: (1) one applicable to any municipality which operates paid police and fire departments and which has a population of not fewer than 13,000 persons; and (2) one applicable to any parish, fire protection district, or municipality with a population of fewer than 13,000, but not fewer than 7,000 persons. Present constitution authorizes modifications to such systems (by law adopted by 2/3 of each house of the legislature in the case of provisions of Art. XIV, §15.1 of the 1921 Constitution made statutory by the Constitution of 1974) but prohibits the legislature from abolishing the system or making it inapplicable to covered jurisdictions.

Present law, relative to both systems, provides that promotional tests for positions in the various classes in the classified service, except those classes in which positions shall be filled only from the competitive list, may be held as the needs of the service require.

Proposed law retains present constitution and present law except that it clarifies that competitive tests shall be limited to only entrance level positions in the operation and maintenance of any radio, fire alarm, or other signal system. Further provides for the exclusion of supervision positions from competitive testing.

Proposed law provides an exception for the Shreveport Fire Department.

Effective upon signature of the governor or lapse of time for gubernatorial action.

(Amends La. Const. 1921, Art. XIV, Sec. 15.1(22)(g)(4) and R.S. 33:2492(7)(d) and 33:2552(7)(d))
