Sub. Bill For .:

Dept./Agy.: St. Tammany Parish Sheriff's Office

Subject: St. Tammany Parish Retired Employees' Insurance Fund

Page 1 of 1

456

EG INCREASE LF RV See Note Creates the St. Tammany Parish Retired Employees' Insurance Fund

Purpose of Bill: This bill creates the St. Tammany Parish Retired Employees' Insurance Fund (STREIF) to pay insurance costs, claims, or premiums for eligible retired sheriffs and deputy sheriffs and to pay STREIF administrative costs. The STREIF will be financed by the St. Tammany Parish Sheriff at his/her discretion and money earned on investments. This bill also creates a 5 member board to provide investment recommendations to the Sheriff for the STREIF. The Sheriff is to invest the money in the STREIF based on board recommendations and investment restrictions provided by the bill.

## **EXPENDITURE EXPLANATION**

This measure may increase local governmental expenditures for the St. Tammany Parish Sheriff's Office by approximately \$7,800 starting in 2020, increasing to approximately \$34,200 by 2024.

Officials with the St. Tammany Parish Sheriff's Office indicated that expenditures will increase by approximately \$7,800 starting in 2020 and will increase to approximately \$34,200 by 2024. These expenditures will be for financial and legal advisors (about 0.6% of STREIF fund balance per year), elections, and errors and omissions insurance (about \$1,200 per year). Costs for retiree insurance are not expected to change due to this bill because the Sheriff currently pays for retiree insurance. In addition, audit costs are not expected to change nor will board members be compensated for their service.

## **REVENUE EXPLANATION**

This measure may increase local governmental revenue for the St. Tammany Parish Sheriff's Office by approximately \$53,300 starting in 2020, increasing to approximately \$267,000 by 2024 due to investment earnings.

An official with the St. Tammany Parish Sheriff's Office indicated that the Sheriff's Office plans to deposit \$1.1 million annually into the STREIF until investment earnings are sufficient to pay retiree insurance. This money, which otherwise would have earned approximately 0.85% in interest annually in a bank account, will be invested and is expected to earn 5.7% annually. This is an increase in the rate of return of 4.85% (5.7% - 0.85%). The following shows the calculation of revenue increases:

FY 2020:  $$1.1 \text{ million } \times 4.85\% = \text{Approximately } $53,300 \text{ increase}$ FY 2021:  $$2.2 \text{ million } \times 4.85\% = \text{Approximately } $107,000 \text{ increase}$ FY 2022:  $$3.3 \text{ million } \times 4.85\% = \text{Approximately } $160,000 \text{ increase}$ FY 2023: \$4.4 million x 4.85% = Approximately \$213,000 increaseFY 2024: \$5.5 million x 4.85% = Approximately \$267,000 increase
