Page 1 of 1

Makes revisions to the Louisiana Election Code

Proposed law makes technical revisions to the LA Election Code (Title 18). Under present law, the principal office of the registrar shall remain open from 7:00 a.m. - 9:00 p.m on election day and from 6:00 a.m. - 9:00 p.m. on congressional primary election day. Proposed law provides the principal office to remain open as provided in present law or until all precinct results have been submitted to the clerk of court and the absentee by mail and early voting results have been submitted to the registrar of voters, whichever is earlier. Effective 1/01/2022, proposed law adds the falsification (spoofing) of the telephone number of the office of the secretary of state, clerk of court, or registrar of voters or impersonating the secretary of state, clerk of court, or registrar of voters as an election offense, which for 1st offense is a fine up to \$1,000, or up to a year prison term, or both, and 2nd and subsequent offense is a fine up to \$2,500, or up to a 5 year prison term, or both. Effective 2/01/2022, proposed law provides that forms and pamphlets that give explanation and instruction on campaign finance disclosure be made available via a link on the Secretary of State's website.

**EXPENDITURE EXPLANATION**

Proposed law may result in an indeterminable increase in local expenditures if any person is convicted of falsifying (spoofing) the telephone number of the Secretary of State, Clerk of Court, or Registrar of Voters, or impersonating the Secretary of State, Clerk of Court, or Registrar of Voters and sentenced up to one year of imprisonment (or up to five years for 2nd and subsequent offenses). The crime of spoofing the telephone number or impersonation is a misdemeanor; therefore, persons convicted of these crimes may be sentenced to local jails and prisons for up to one year (or up to five years for 2nd and subsequent offenses). Local governing authorities may realize an indeterminable increase in expenditures. The exact fiscal impact of the passage of this proposed law is indeterminable since it is not known how many people will be convicted of this crime.

The Secretary of State reports proposed revisions to the Election Code is not anticipated to materially impact state expenditures.

**REVENUE EXPLANATION**

Proposed law may result in an indeterminable increase in local funds revenue as a result of potential fines if any person is convicted of knowingly, willfully, or intentionally impersonating the Secretary of State, Clerk of Court, or Registrar of Voters or spoofing their telephone numbers. Any person convicted may be fined as follows: 1st offense is up to \$1,000, imprisoned for up to one year, or both; 2nd and subsequent offense is up to \$2,500, imprisoned for up to 5 years, or both. Because the number of persons who may be convicted under the proposed law is unknown, revenue derived from this source is indeterminable. However, in the event fines are levied for this crime, they would accrue to local governing authorities.
