<u>Proposed law</u> repeals <u>present law</u> providing that any parishes authorized by <u>present law</u> to establish a local provider participation fund may, upon agreement of the governing authorities of each parish, establish a single fund for the benefit of those parishes and a local hospital assessment applicable to the institutional providers in those parishes.

<u>Proposed law</u> provides that the governing bodies of parishes authorized by <u>proposed law</u> to establish a local provider participation fund are authorized and empowered, upon their own initiative, to form and create one or more hospital assessment districts within the respective parishes; or, with agreement among governing bodies of parishes concerned, to combine two or more parishes into a single hospital assessment district. - (3) Provide that as soon as a CEA is effective or, upon failure to agree on such agreement, within 150 days of the parish notice unless LDH's status report is accepted by an affirmative vote of both legislative committees on health and welfare, LDH shall file a Medicaid state plan amendment with the federal Medicaid agency (CMS) amending the Medicaid state plan provisions governing hospital reimbursement to provide that a rural institutional provider shall be reimbursed at a rate which equals or approximates the lesser of the rural institutional provider's average commercial rate as determined by the state's Medicaid actuary or 110%, or, if a reduction is required by CMS, the maximum amount acceptable to CMS, but in no case less than 100%, of the appropriate reasonable cost of providing hospital inpatient and outpatient services, including but not limited to services provided in a rural health clinic licensed as part of a rural hospital.

(Amends R.S. 40:1248.1(6), 1248.3(3), 1248.4(D), 1248.5(A), 1248.7(C)(1), 1248.8(C) and (D), and 1248.11(A); Adds R.S. 40:1248.1(7) and 1248.3(4)-(6))
