HIGHER EDUCATION: Requires postsecondary education institutions to post reports relative to campus security policies and campus crime statistics on their websites

<b>Synopsis of Senate Amendments</b>	
1.	Requires reports to be published twice a year instead of quarterly and specifies April 10th and Oct. 10th as the reporting deadlines.

**Digest of Bill as Finally Passed by Senate**

Proposed law requires each public postsecondary education institution to publish on its website a report that contains campus security policies and campus crime statistics. Requires reports to contain, at a minimum, all information relative to such policies and statistics specified in federal law commonly known as the "Clery Act" and that reports be updated and posted by April 10th and October 10th annually.

Proposed law provides for compliance monitoring and notification by the Bd. of Regents of the legislative education committees and the State Bond Commission for failure to comply. Prohibits the Bond Commission, for a period of two years following such a notification, from authorizing the institution to incur any debt that is subject to the commission's approval. Also authorizes any person to commence a suit in the district court for the parish in which an action in violation of proposed law occurred for the issuance of a writ of mandamus or injunctive or declaratory relief to require compliance with proposed law together with reasonable attorney fees and costs.
