HB 435 Original

2022 Regular Session

Huval

Abstract: Adjusts certain fees imposed by the La. Used Motor Vehicle Commission (commission).

Proposed law requires a salesperson who submits a renewal application for licensure after the existing license has expired, to pay a late penalty of \$15, in addition to any other penalties assessed for operating without a license.

Under present law, a used motor vehicle dealer's license is to cost no more than \$200. Proposed law increases the maximum allowable fee charged for a used motor vehicle dealer's license from \$200 to \$300.

Under present law, a used motor vehicle salesperson's license is to cost no more than \$25. Proposed law increases the maximum allowable fee charged for a used motor vehicle salesperson's license from \$25 to \$30.

Present law requires an applicant for licensure or renewal of a license as a used motor vehicle dealer to deposit a bond with the commission. Proposed law removes "unpaid penalties, fines, and hearing costs imposed by the commission" from the list of purposes for which that bond may be used.
