## DIGEST 2022 Regular Session

Mizell

<u>Present law</u> requires an electric cooperative to allow a broadband affiliate or service provider to use the cooperative's electric delivery system to provide broadband services to certain areas of the state. Provides that a broadband affiliate or service provider shall have nondiscriminatory access to locate its equipment for the provision of broadband services on the electric delivery system on just, reasonable, and nondiscriminatory terms, conditions, and rates. Requires a cooperative to charge a broadband affiliate, service provider, or operator for the construction, installation, operation, use, and maintenance for use of the electric delivery system.

Proposed law makes technical changes.

Effective August 1, 2022.

SB 312 Original

(Amends R.S. 12:430.1(D))
