EXPENDITURE EXPLANATION

The proposed legislation will likely result in a net decrease in state expenditures. There will be an increase in SGF expenditures for the Department of Public Safety & Corrections - Corrections Services (CS) and a decrease in SGF expenditures for the Department of Public Safety & Corrections - Youth Services (YS) to the extent the proposed constitutional amendment is adopted.

There will be a decrease in SGF expenditures for Youth Services to the extent a juvenile is charged with aggravated battery, second degree battery, battery on a correctional facility employee, simple battery, aggravated escape, or simple escape, and the District Attorney opts to try the juvenile as an adult and the juvenile is convicted. The juvenile would then be remanded to the custody of Corrections Services rather than Youth Services. The daily rate for secure care with Youth Services varies depending on the secured facility in which the juvenile has been housed. The daily cost per juvenile for secure care is as follows: \$284.16 - Bridge City; \$160.93 - Acadiana; \$162.13 - Swanson Monroe; \$124.11 - Swanson Columbia. In comparison, any juvenile in the custody of Corrections Services would cost \$26.39 per day per offender in adult local housing and \$83.23 per day per offender in a state facility. The increase in expenditures with Corrections Services will be offset by the larger decrease in expenditures with Youth Services; thus, creating a net decrease in state expenditures.
