

2022 Regular Session

HOUSE CONCURRENT RESOLUTION NO. 129

BY REPRESENTATIVES CREWS, DESHOTEL, FRIEMAN, SEABAUGH,
THOMPSON, AND WILLARD

A CONCURRENT RESOLUTION

To urge and request the presiding officers of the legislature to study issues created by the columns in the legislative committee rooms and to explore all opportunities to improve conditions or resolve issues involving the line-of-sight issues caused by those columns and to report their findings and recommendations to each member of the legislature not later than January 15, 2023.

WHEREAS, several committee rooms in the state capitol have columns that obstruct the line-of-sight during meetings; and

WHEREAS, these columns interfere with both the ability of members of the public to adequately see what is occurring during meetings and the ability of legislators and members of other public bodies conducting meetings in those committee rooms to see everyone in the room and occasionally even those persons providing testimony.

THEREFORE, BE IT RESOLVED that the Legislature of Louisiana does hereby urge and request the presiding officers of the legislature to study issues created by the columns in certain legislative committee rooms and explore all opportunities to improve conditions or resolve issues involving the line-of-sight issues caused by those columns and to report their findings and recommendations to each member of the legislature not later than January 15, 2023.

SPEAKER OF THE HOUSE OF REPRESENTATIVES
