
The original instrument and the following digest, which constitutes no part of the legislative instrument, were prepared by Amanda Trapp.

SB 40Original	DIGEST 2024 Regular Session	Allain
---------------	--------------------------------	--------

Present law establishes the Seafood Safety Task Force within the Louisiana Department of Health as a 12 member task force charged with obtaining certain information regarding imported seafood and reporting the information to certain legislative committees by March 1, 2010.

Proposed law provides updates to the task force membership, expands the mission and purpose of the task force, and provides for ongoing annual reporting to the legislature and governor.

Present law authorizes the task force to appoint committees to fulfill the purposes of the task force.

Proposed law identifies specific committees the task force may establish.

Effective upon signature of the governor or lapse of time for gubernatorial action.

(Amends R.S. 40:5.5.3)
