HB 362 Reengrossed

2024 Regular Session

Kerner

Abstract: Requires that information about tutorship and other legal procedures pertaining to certain children's attainment of the age of majority be provided at IEP meetings for students who are 14, 15, 16, and 17 years old.

Present law provides the responsibilities of each local education agency (LEA) relative to special education. Proposed law additionally provides:

- (1) Each LEA shall adopt a policy requiring schools to provide written information regarding certain legal procedures affecting the transfer of individual rights from parent to child when the child attains the age of majority to parents of certain students with exceptionalities, including but not limited to supported decision making, power of attorney, continuing or permanent tutorship, and limited and full interdiction.
- (2) The document shall inform parents of legal options and how each option relates to such transfer of rights.
- (3) The document shall be provided at the child's first Individualized Education Program meeting of the school year to a parent of each child who is 14, 15, 16, or 17 years old who participates in alternate assessment or an alternate pathway to promotion pursuant to present law.
- (4) Parents shall be provided a form by which to confirm receipt.
- (5) The state Dept. of Education shall develop the information and provide it to each LEA.
- (6) The information is not intended to be legal advice, which shall be indicated on the document, and an LEA is not liable for claims arising from the provision of the information.

Proposed law provides for the La. State Law Institute to make proposed law terminology relative to tutorship consistent with the terminology in SB61 of this 2024 R.S. if that bill becomes law.
