Provides for a study on the distribution of certain ad valorem taxes.

Current law attributes the assessed value of movable property owned by companies that are not residents of or domiciled in Louisiana and have no agent or office in the state to East Baton Rouge Parish.

Proposed concurrent resolution creates the Commission on Equitable Distribution of Certain Ad Valorem Taxes to study and make recommendations concerning the equitable distribution of the valuation of movable property owned by companies that are not residents or domiciled in Louisiana and have no agent or office in Louisiana. The eleven-member Commission will consider allocation methodology and timelines along with tax billing and distribution responsibilities, including expense reimbursement. Members shall be designated by 7/31/24, first meeting must occur by 9/30/24, and the report must be submitted to the legislature by 3/31/25. The commission terminates on the earlier of report submission, or 6/30/25. Members are not compensated but may receive a per-diem or expense reimbursement from their designating organizations.

**EXPENDITURE EXPLANATION**

The 11 members are the District 33 Senator as chairman, three Senators appointed by the President, four Representatives appointed by the Speaker, and one member each appointed by the Policy Jury Association of Louisiana, Parish Presidents of Louisiana Association, and LA Sheriffs' Association.

The eight legislative members will receive per diem and travel expenses. Should the meetings occur on days that do not otherwise warrant a legislative per diem or travel expenses, the current legislative per diem of \$179 (\$166 plus the cost of related benefits of \$13, which is 7.65% FICA tax) plus travel expenses would be paid. For the eight legislative members, the daily per diem cost would be about \$1,432 (\$179 X 8 members). The resolution does not specify how many meetings must take place.

The staff of the Senate Revenue & Fiscal Affairs Committee will provide support.

**REVENUE EXPLANATION**

There is no anticipated direct material effect on governmental revenues as a result of this measure.
