Fiscal Note On: **HB 669** HLS 25RS 1363
 Bill Text Version: **ORIGINAL**
 Opp. Chamb. Action:
 Proposed Amd.:
 Sub. Bill For.:

Date: May 3, 2025	2:25 PM	Author: RISER
Dept./Agy.: Revenue/ATC		Analyst: Deborah Vivien
Subject: Provides for a discount on cigarette tax		

TAX/EXCISE OR DECREASE GF RV See Note Page 1 of 1
 Continues a portion of the excise tax levied on cigarettes in statute and authorizes a reduced excise tax rate on certain tobacco products
Current law imposes a cigarette excise tax of \$1.08 per pack in 7 different levies, 6 of which (\$1.04) are statutory and 1 of which (4 cents) is constitutional. Current law dedicates about 15% of the proceeds to various uses, primarily health related.

Proposed law retains current law regarding dedications and maintains the excise tax of \$1.08 per pack, but places the constitutional levy of 4 cents per pack into statute. Proposed law authorizes a 75% discount in state excise tax for any tobacco product that is issued a risk modification order by the FDA.

Effective July 1, 2025

EXPENDITURES	2025-26	2026-27	2027-28	2028-29	2029-30	5 -YEAR TOTAL

EXPENDITURE EXPLANATION

LDR may incur costs of \$25,200 for programming, testing and system development costs, including form revisions. LFO believes that the department can absorb this amount within its current budget but may require additional resources if the aggregate impact of all bills enacted during this session is substantive. ATC enforces the application of the tax and will include the 75% discount on certain products. The discount if applied to cigarettes will reduce ATC funding for operations, LDH for health-related efforts and if applied to vape products, LA State Police for salaries (see revenue explanation).

REVENUE EXPLANATION

The bill does not change the cigarette excise tax, only moves the entire rate structure into statute. However, the bill offers a 75% discount to the excise tax on all products that are approved by FDA as modified risk products, which, according to FDA, are "tobacco products that are sold or distributed for use to reduce harm or the risk of tobacco-related disease associated with commercially marketed tobacco products." It appears that certain smokeless tobacco products and heatstick cigarettes are currently approved with no data available related to pending applications. This bill will reduce the excise tax on those products beginning July 1, 2025, and apply to any products receiving subsequent approval.

Without specific sales of the products that are approved and eligible for a 75% discount, an estimate of the impact is not possible. It does appear that this discount is available to any product that receives approval, so should technology advance to the point that a larger percentage of tobacco products qualify, tobacco tax revenue could decline substantially and possibly very quickly. The fiscal note assumes that at least one product currently qualifies for the discount.

The discount will impact the SGF and potentially any dedicated funds from the tobacco tax. Tobacco tax collections totaled \$235 M in FY 24, with \$177 M from cigarettes. About 85% of the cigarette tax, or \$150 M, flows to the SGF. Of cigarette tax collections, 0.25 cents (about \$0.4 M in FY 24) is dedicated to the Tobacco Enforcement Fund for ATC operations, 4 cents (\$6.6 M) is dedicated to the Health Excellence Fund for health related uses, 5 cents (\$8.1 M) is dedicated to LDH, LSU/Southern Ag Centers, DARE Program and LA State Police, and 7 cents (\$11.4 M) is dedicated to LSUHSC and smoking cessation programs. All vape tax collections are currently deposited to the LA State Police Salary Fund for state police salaries.

Senate Dual Referral Rules
 13.5.1 >= \$100,000 Annual Fiscal Cost {S & H}
 13.5.2 >= \$500,000 Annual Tax or Fee Change {S & H}

House
 6.8(F)(1) >= \$100,000 SGF Fiscal Cost {H & S}
 6.8(G) >= \$500,000 Tax or Fee Increase or a Net Fee Decrease {S}
