SB 30 Engrossed	2025 Regular Session	McMath

Present law provides a process for the establishment of new dealerships and the relocation of existing dealerships that sell motor vehicles and all-terrain vehicles.

Proposed law adds a process for the establishment of new dealerships and the relocation of existing dealerships that sell recreational vehicles.

Proposed law requires the La. Motor Vehicle Commission to notify existing dealerships of any application received for a new dealership or relocation of an existing dealership within the community or territory of the proposed dealership that is proposing to sell the same line makes, models, or classifications.

Proposed law authorizes existing dealerships that sell the same line makes, models, or classifications that are located within a certain radius from the proposed dealership to protest.

Proposed law authorizes dealerships outside of the radius to protest the relocation of a recreational vehicle dealership which would add an additional franchise to an existing same line makes, models, or classifications in a dealership's community or territory.

Proposed law establishes a time frame that an affected dealership can protest and the commission must make a determination.

Proposed law exempts existing dealerships that have a validly binding dealer agreement with a manufacturer or distributor as of August 1, 2025, including any future, uninterrupted renewals, that authorizes the sale of the same line makes, models, or classifications of recreational vehicles within a specified territory from the provisions of proposed law.

Effective August 1, 2025.
