Present law places the La. State Uniform Construction Code Council (council) within the Dept. of Public Safety and Corrections (department).

Proposed law transfers the council from the department to the State Licensing Board for Contractors (board) and provides that the executive director of the board shall serve as the executive director of the council. Allows the board to utilize its staff to fulfill its responsibilities and duties with the council.

Present law creates the council, which consist of 20 members, one of whom shall be the state health officer or his designee and one whom shall be the fire marshal or his designee. Provides that with the exception of the state health officer and the fire marshal, each member of the council shall be appointed by the governor.

Proposed law retains present law except changes the number of members from 20 members to 17 members and provides for membership as follows:

- (1) The fire marshal or his designee.
- (2) Two building code enforcement officers registered with the council.
- (3) One member who shall have the greater part of his professional experience as a licensed electrician or licensed plumber.
- (4) One licensed mechanical engineer.
- (5) Two licensed architects, one of whom shall be a member of the American Institute of Architects of Louisiana.
- (6) One licensed structural engineer.
- (7) One member representing the Louisiana Home Builders Association.
- (8) One member representing the Associated Builders and Contractors.

(14) Two members at large.

Present law requires the council to elect a chairman and vice chairman and provides for the terms each officer shall serve within the council. Requires the council to adopt regulations under the Administrative Procedure Act, in order to implement provisions under present law.

Proposed law retains present law and adds that the council shall be domiciled in East Baton Rouge Parish and clarifies that the council shall meet bi-monthly, in East Baton Rouge, unless directed to meet more often by the chairman. Eliminates the four year term limit for the chairman of the council.

Present law provides that members of the council shall serve without compensation but requires members to be reimbursed for actual expenses and mileage incurred while attending council meetings.

Proposed law retains present law and removes the requirement for expense and mileage reimbursement.

Proposed law allows the governor to remove members of the council for cause or at the request of the chairman for failure to attend more than half of regularly scheduled meeting within a 12-month period.

Effective August 1, 2025.
