

RÉSUMÉ DIGEST

ACT 78 (HB 316)

2025 Regular Session

Butler

Prior law provided that the Drug Policy Board (board) is composed of 23 members.

New law increases the membership of the board to 25 members.

New law removes the executive director of the Safe and Drug-Free School and Communities Program or his designee and a representative of a federal agency with responsibilities in alcohol and drug abuse education, treatment, or prevention from the board.

New law adds all of the following members to the board:

- (1) A representative from the Board of Regents.
- (2) An individual who has been in recovery for at least five years and is actively engaged in substance use prevention and peer support efforts.
- (3) The executive director of the office of drug policy within the office of the governor or his designee.
- (4) The director of the Louisiana Supreme Court Drug and Specialty Court Office or his designee.

Existing law provides that the board shall submit an interim report to the governor regarding findings, activities, and recommendations by July 1, 1991, and submit quarterly reports thereafter.

New law modifies existing law by requiring the board to submit an annual report regarding findings, activities, and recommendations on July 1st each year and submit quarterly reports if deemed necessary by the board or the governor.

New law modernizes and updates language in existing law.

Effective August 1, 2025.
