

RÉSUMÉ DIGEST

ACT 274 (HB 412)

2025 Regular Session

Romero

Existing law provides that every vapor product manufacturer and alternative nicotine product manufacturer shall execute and deliver a certification detailing certain information to the commissioner of alcohol and tobacco prior to selling their products in the state.

Existing law provides that every vapor product manufacturer and alternative nicotine product manufacturer whose products are sold in this state shall deliver a copy of the cover page of its premarket tobacco application indicating that it was submitted to the FDA on or before Sept. 9, 2020, along with evidence that the product was on the market in the U.S. as of Aug. 8, 2016.

New law retains existing law with regard to vapor product manufacturers.

New law changes existing law with regard to alternative nicotine product manufacturers.

New law provides that alternative nicotine product manufacturers whose products are sold in this state shall deliver a copy of the cover page of its premarket tobacco application indicating that it was submitted to the FDA on or before May 14, 2022, along with evidence that the product was on the market in the U.S. as of April 14, 2022.

Effective August 1, 2025.

(Amends R.S. 26:926.1)
