

RÉSUMÉ DIGEST

HR 340	2025 Regular Session	Chassion
---------------	-----------------------------	-----------------

Urges and requests the Dept. of Transportation and Development to study the feasibility of installing road safety measures and constructing new infrastructure, including pedestrian crosswalks, an overpass, flashing warning signals, and more visible road surface markings from I-10 and I-49 on La. Hwy.182 to East Pinhook Rd. Requires the dept. submit a written report detailing its findings to the House transportation committee by Aug. 1, 2026.
