

## RÉSUMÉ DIGEST

**ACT 73 (HB 219)**

**2025 Regular Session**

**Carrier**

Prior law required that evidence of the sex identification of deer and turkeys be maintained even after the tag was validated.

New law removes the requirement that evidence of the sex identification of deer be maintained after the validation of the tag but retains the requirement for turkeys.

Effective August 1, 2025.

(Amends R.S. 56:125(B))
