

RÉSUMÉ DIGEST

ACT 289 (HB 531)

2025 Regular Session

Travis Johnson

Existing law requires all licensed hospitals and healthcare providers in this state to adhere to certain procedures for the treatment of sexual assault survivors.

New law requires the attorney general to provide for the statewide coordination of sexual assault nurse examiners, with a specific focus for rural areas.

New law requires a licensed healthcare facility or hospital to offer information to receive treatment and examinations to sexual assault survivors.

New law adds that the Louisiana Legislative Auditor shall conduct an audit of multiple services, programs, exams, and plans.

Effective August 1, 2025.
