

RÉSUMÉ DIGEST

ACT 485 (HB 108)

2025 Regular Session

Domangue

Existing law (R.S. 25:341) provides that the La. State Museum is established as a complex of facilities in the cities of Baton Rouge, Natchitoches, New Orleans, Patterson, Thibodaux, and Winnfield under the management and supervision of the office of the state museum of the Dept. of Culture, Recreation and Tourism (department). Provides that the museum is governed by a board of directors, which includes the secretary of the department, or his designee.

Existing law requires the lieutenant governor to appoint the museum director from a list of three candidates nominated by a search committee appointed by the board. Requires the board to establish criteria for the position of director that include but are not limited to possession of a master's degree in Museum Science or a related field, and must provide clear evidence of successful performance as a skilled professional.

New law expands the criteria for the position of director to include experience in a related field.

Effective August 1, 2025.
