HB 647 Original

2026 Regular Session

Bourriaque

Abstract: Changes the timelines for submissions of applications for funding of any waterway projects by any governmental entity.

Present law requires applications for funding of any waterway project may be submitted by any governmental entity on a quarterly basis, except as provided in present law. Further requires applications be submitted to the office no later than the first of March, June, Sept., and Dec. of each calendar year for consideration of funding or funding obligation authority in the following fiscal years.

Proposed law changes the requirement for the submission of waterway project applications from a quarterly basis to a semi-annual basis. Further removes the requirement that these applications be submitted on the first of June and Dec.
