Subject: Flag on license	

MOTOR VEHICLES OR SEE FISC NOTE Page 1 of 1

Authorizes the office of motor vehicles to flag the license of an individual who is in the Combined DNA Index System. (8/1/26)

Proposed law authorizes the Department of Public Safety (DPS), Office of Motor Vehicles (OMV) to flag the driver's license of an individual who is in the Combined DNA Index System (CODIS) or who owes a DNA sample under existing law. Proposed law directs the Louisiana Office of State Police (OSP) to promulgate rules and establish procedures for implementing the license-flagging process.

EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure. Any costs associated with implementation, including updates to administrative procedures, staff training, and minor information technology modifications, are expected to be minimal and absorbed within existing agency resources. OMV anticipates incorporating the required modifications into its new CHAMP system (Drive360).

State Police reports that they will require four (4) authorized T.O. positions to flag the driver's license of an individual identified within CODIS as a result of proposed law, to include two (2) Criminal Investigator 3 positions and one (1) Investigative Specialist position. The positions identified by OSP are currently filled as job appointments and are funded with federal dollars through FY 27. Salary and related benefits requested are as follows:

	Salary Request	Related Benefits Requested
FY 28	\$ 252,323	\$ 120,074
FY 29	\$ 259,293	\$ 122,485
FY 30	\$ 266,472	\$ 124,969
FY 31	\$ 273,866	\$ 127,528
Total	\$ 1,051,954	\$ 495,056

Total Request \$ 1,547,010

The LFO cannot corroborate that the proposed law's requirements will create a workload level sufficient to require additional employees. To the extent that the additional workload is less than the OSP anticipates, it may be absorbable, either wholly or partially, using existing staff and resources, or may be achievable with fewer than four (4) positions. Therefore, salary and benefits are not reflected in the expenditures in the boxes above.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure. Proposed law does not change licensing fees or create new fees.
