OFFICE OF LEGISLATIVE AUDITOR
2026 REGULAR SESSION
ACTUARIAL NOTE

House Bill 34 HLS 26RS-310	**Date: March 23, 2026**
Engrossed	**Organizations Affected: SPRF**
Author: Wiley	
LLA Note HB 34.02	**EG NO IMPACT APV**

Bill Header: RETIREMENT/SHERIFFS FUND: Provides relative to retirement eligibility in the Sheriffs' Pension and Relief Fund

Purpose of Bill: Proposed law adds an actuarially reduced early retirement benefit at age 50 with at least 30 years of service for members hired after December 31, 2011.

I. ACTUARIAL IMPACT ON RETIREMENT SYSTEMS

This section of the actuarial note is intended to provide a brief outline of the changes in plan provisions and actuarial effect on key aspects of the affected retirement systems.

Proposed law adds an actuarially reduced early retirement benefit at age 50 with at least 30 years of service for members hired after December 31, 2011. Proposed law has a limited immediate impact and an indeterminable long-term actuarial impact.

In particular, any benefit provision which has the potential to incentivize individuals to retire earlier than they otherwise might can increase both total liability and employer contributions because, although a member's benefit may be smaller when they retire earlier than otherwise assumed, that benefit is paid over a longer period of time and must be funded over a shorter period of time. Applying an actuarial reduction to the benefit paid, which accounts for both the increased time period over which the benefit is expected to be paid and the lost investment income from beginning payments earlier, is intended to offset the majority of this cost on a plan wide basis.

To some extent, there exists some anti-selection risk. In other words, individuals who may be more likely to benefit financially from taking an earlier benefit become more likely to make that choice, which the general nature of the assumptions used in the actuarial reduction are unable to account for. But the factors driving the retirement decision frequently involve many other external factors that this risk is usually minimal.

II. FISCAL IMPACT ON RETIREMENT SYSTEMS

This section of the actuarial note pertains to annual fiscal costs (savings) associated with the retirement systems.

Members hired after December 31, 2011 will not have 30 years of creditable service within the five-year measurement period, so will not yet be eligible to take advantage of the new benefit provision. Therefore, the proposed legislation is not expected to have any measurable effects on retirement related fiscal costs and revenues.

III. FISCAL IMPACT ON LOCAL GOVERNMENT ENTITIES

This section of the actuarial note pertains to annual fiscal costs (savings) related to administrative expenditures and revenue impacts incurred by local government entities other than those included in Section II.

The proposed legislation is not expected to have any additional effects on fiscal administrative costs and revenues related to local government entities during the five-year measurement period, other than those outlined above.

IV. FISCAL IMPACT ON STATE GOVERNMENT ENTITIES
(Prepared by Legislative Fiscal Office)

This section of the actuarial note pertains to annual fiscal costs (savings) related to administrative expenditures and revenue impacts incurred by state government entities other than those included in Section II.

N/A - This bill only impacts local government, and therefore, has no state impact. The LFO does not review local government bills.

V. ACTUARIAL DISCLOSURES

Intended Use

This actuarial note is based on our understanding of the bill as of the date shown above. It is intended to be used by the legislature during the current legislative session only and assumes no other legislative changes affecting the funding or benefits of the affected systems, other than those identified, will be adopted. Other readers of this actuarial note are advised to seek professional guidance as to its content and interpretation, and not to rely upon this communication without such guidance. The actuarial note, and any referenced documents, should be read as a whole. Distribution of, or reliance on, only parts of this actuarial note could result in its misuse and may mislead

This Note has been prepared by the Actuary for the Louisiana Legislative Auditor (LLA) with assistance from either the Fiscal Notes staff of the Legislative Auditor or staff of the Legislative Fiscal Office (LFO). The attachment of this Note provides compliance with the requirements of R.S. 24:521 as amended by Act 353 of the 2016 Regular Session.	**Kenneth J. "Kenny" Herbold, ASA, EA, MAAA** **Director of Actuarial Services** **Louisiana Legislative Auditor**

others. The summary of the impact of the bill included in this actuarial note is for the purposes of an actuarial analysis only, as required by La. R.S. 24:521, and is not a legal interpretation of the provisions of the bill.

Actuarial Data, Methods and Assumptions

Unless indicated otherwise, this actuarial note was prepared using actuarial data, methods, and assumptions as disclosed in the most recent actuarial valuation report adopted by the Public Retirement Systems' Actuarial Committee (PRSAC). The assumptions and methods are reasonable for the purpose of this analysis.

Conflict of Interest

There is nothing in the proposed legislation that will compromise the signing actuary's ability to present an unbiased statement of actuarial opinion.

Risks Associated with Measuring Costs

This actuarial note is an actuarial communication and is required to include certain disclosures in compliance with Actuarial Standards of Practice (ASOP) No. 51. Risk disclosures otherwise required by ASOP No. 51 do not apply to this actuarial note because the proposed bill does not significantly change the types or levels of risks of the retirement system.

health of the plan. However, employer contributions made at the actuarially determined rate do not necessarily guarantee benefit security.

Certification

Kenneth J. Herbold is an Associate of the Society of Actuaries (ASA), a Member of the American Academy of Actuaries (MAAA), and an Enrolled Actuary (EA) under the Employees Retirement Income Security Act of 1974. Mr. Herbold meets the US Qualification Standards necessary to render the actuarial opinion contained herein.

VI. LEGISLATIVE PROCEDURAL ITEMS

Information Pertaining to La. Const. Art. X, §29(F)

☒ This bill contains a retirement system benefit provision having an actuarial cost.

Some members of a retirement system, or their beneficiary, could receive a larger benefit with the enactment of this bill than what they would have received without this bill.

Dual Referral Relative to Total Fiscal Costs or Total Cash Flows:

The information presented below is based on information contained in Sections II, III, and IV for the first three years following the 2026 Regular Session.

Senate

☐ 13.5.1 Applies to Senate or House Instruments
If an annual fiscal cost ≥ $100,000, then bill is dual referred to:
Dual Referral: Senate Finance

☐ 13.5.2 Applies to Senate or House Instruments
If an annual tax or fee change ≥ $500,000, then bill is dual referred to:
Dual Referral: Revenue and Fiscal Affairs

House

☐ 6.8F Applies to Senate or House Instruments
If an annual General Fund fiscal cost ≥ $100,000, then bill is dual referred to:
Dual Referral: Appropriations

☐ 6.8G Applies to Senate Instruments only
If a net fee decrease occurs or is an increase in annual fees and taxes ≥ $500,000, then bill is dual referred to:
