SB 4 Engrossed

DIGEST  
2026 Regular Session

Fesi

Present law requires the La. Dept. of Health to establish a water fluoridation program.

Proposed law repeals the program.

Present law requires public water systems with at least 5,000 service connections to fluoridate the water and provides exemptions for water systems that meet certain criteria.

Present law requires the La. Dept. of Health to establish optimal levels of fluoridation for public water systems.

Present law authorizes certain water systems to opt out of fluoridation if 15% of registered voters in the precincts served by the water system sign a petition and a local election is called by the governing authority in which a majority of registered voters approve the exemption.

Proposed law prohibits the fluoridation of any public water systems that does not have added fluoride as of July 1, 2026 unless 15% of registered voters in the precincts served by the water system sign a petition and a local election is called by the governing authority in which a majority of registered voters approve fluoridation.

Proposed law authorizes any water system that has added fluoride as of July 1, 2026, to cease fluoridation if 15% of registered voters in the precincts served by the water system sign a petition and a local election is called by the governing authority in which a majority of registered voters approve ceasing fluoridation.

Proposed law provides that systems are not required to remove any naturally occurring fluoride from their water.

Effective January 1, 2027.

(Amends R.S. 40:5.11)

Summary of Amendments Adopted by Senate

Committee Amendments Proposed by Senate Committee on Health and Welfare to the original bill

1. Applies provisions requiring local approval to fluoridate water to public water systems that have not added fluoride as of July 1, 2026.
2. Adds provision allowing any public water system that has added fluoride as of July 1, 2026, to cease fluoridation if 15% of registered voters in the precincts served by the water system sign a petition and a local election is called by the governing authority in which a majority of registered voters approve ceasing fluoridation.
3. Makes technical changes.
