
HOUSE COMMITTEE AMENDMENTS

2026 Regular Session

Amendments proposed by House Committee on Commerce to Original House Bill No. 1223
by Representative McFarland

1 AMENDMENT NO. 1

2 On page 2, between lines 9 and 10, insert the following:

3 "(5) For low-volume, highly specialized, or referral-dependent categories of
4 covered clinical projects, statewide coordination, referral pathways, and
5 cross-institutional collaboration may improve patient access and Louisiana's
6 competitiveness.

7 (6) Participation in a covered clinical project depends upon factors including
8 patient availability, relevant clinical expertise, and institutional capability, and the
9 purpose of this Chapter is to reduce avoidable process barriers for covered clinical
10 projects for which a research entity is otherwise reasonably capable."

11 AMENDMENT NO. 2

12 On page 2, line 10, change "(5)" to "(7)"

13 AMENDMENT NO. 3

14 On page 2, delete lines 21 and 22 and insert in lieu thereof the following:

15 "covered clinical projects, including categories reflecting trial phase, therapeutic
16 complexity, participant risk profile, operational intensity, disease prevalence or
17 rarity, required subspecialty expertise, referral-network dependence,
18 participant-sourcing model, and operational setting."

19 AMENDMENT NO. 4

20 On page 3, delete lines 21 through 23 and insert in lieu thereof the following:

21 "(9) "Receipt" means actual electronic or physical delivery to the designated
22 intake contact identified by the research entity pursuant to this Chapter. If delivery
23 occurs after five p.m. local time or on a weekend or legal holiday, receipt shall be
24 deemed to occur on the next business day.

25 (10) "Repeated failure" means failure to meet the same required benchmark
26 on two or more covered clinical projects within a rolling twelve-month period, or
27 such other threshold as may be established by rule for a specified benchmark
28 category.

29 (11) "Research entity" means a healthcare provider, hospital, academic
30 institution, research organization, or other entity serving as a trial site or otherwise
31 exercising institutional responsibility for a covered clinical project at a site located
32 in this state."

33 AMENDMENT NO. 5

34 On page 3, line 24, change "(10)" to "(12)"

35 AMENDMENT NO. 6

36 On page 4, between lines 17 and 18, insert the following:

1 "F. Nothing in this Chapter shall be construed to require department approval
2 of a protocol, contract, local operational determination, or site activation decision,
3 or to transfer clinical decision-making authority from a research entity to the
4 department or its designee."

5 AMENDMENT NO. 7

6 On page 4, delete lines 19 through 23 and insert in lieu thereof the following:

7 "A. Participation in the framework established by this Chapter shall be
8 mandatory for any research entity with respect to any covered clinical project
9 conducted at a site located in this state. Nothing in this Chapter shall be construed
10 to require participation with respect to research activities that are not covered clinical
11 projects.

12 B. A research entity shall enter into a participation agreement with the
13 department or its designee for purposes of coordination, contact designation,
14 benchmark-category implementation, reporting, and escalation pursuant to this
15 Chapter."

16 AMENDMENT NO. 8

17 On page 4, delete lines 27 and 28 and insert in lieu thereof the following:

18 "(2) Primary contacts and internal routing procedures for intake, contracts,
19 budgets, institutional review board reliance, ancillary reviews, and escalation."

20 AMENDMENT NO. 9

21 On page 5, delete lines 1 and 2 and insert in lieu thereof the following:

22 "(3) Institution-specific addenda, if any, that supplement the standardized
23 checklist; provided that any such addenda shall be limited to nonduplicative
24 materials reasonably necessary to address a specific legal requirement or
25 documented institutional responsibility."

26 AMENDMENT NO. 10

27 On page 5, between lines 12 and 13, insert the following:

28 "D. A participation agreement shall not waive or reduce any duty imposed
29 by this Chapter except as expressly authorized by rule or guidance for a specified
30 benchmark category."

31 AMENDMENT NO. 11

32 On page 6, line 11, after "coordination." and before "Any" insert the following:

33 "The registry may include, to the extent practicable, therapeutic area or subspecialty
34 focus, trial phase experience, active covered clinical project categories, institutional
35 affiliation, and other information relevant to sponsor or contract research
36 organization feasibility assessment and statewide gap identification."

37 AMENDMENT NO. 12

38 On page 6, between lines 18 and 19, insert the following:

39 "H. Compliance with this Chapter shall be a condition for inclusion in any
40 department-coordinated feasibility response, site-identification effort, sponsor-facing

1 coordination, or presentation of verified capabilities conducted by the department or
2 its designee.

3 I. For benchmark categories designated by rule or guidance as rare-disease,
4 precision-medicine, pediatric specialty, bone marrow transplant, cellular therapy,
5 cell-therapy, gene-therapy, or other low-volume or highly specialized categories,
6 research entities shall cooperate in department-coordinated feasibility review,
7 de-identified prescreening, referral pathways, and specialist-access planning, subject
8 to applicable privacy law, patient consent requirements, institutional credentialing
9 requirements, and clinical appropriateness."

10 AMENDMENT NO. 13

11 On page 6, delete line 22 and insert in lieu thereof the following:

12 "(1) Acknowledgment of receipt by the designated intake contact or its
13 designee of a sponsor, contract research organization"

14 AMENDMENT NO. 14

15 On page 7, delete lines 5 through 7 and insert in lieu thereof the following:

16 "business days after receipt of the materials identified by the department for
17 feasibility review in the standardized checklist, applicable guidance, and any
18 applicable institution-specific addendum permitted by this Chapter, unless a different
19 benchmark is designated by rule or guidance for a specified benchmark category."

20 AMENDMENT NO. 15

21 On page 7, delete lines 9 through 11 and insert in lieu thereof the following:

22 "and by previously adopted written institutional requirements specifically identified
23 in the participation agreement, not based solely on institutional preference,
24 generalized practice, or staffing limitations, and that cannot reasonably be performed
25 concurrently, of contracts, budgets, coverage analysis, ancillary reviews, pharmacy
26 review, operational readiness, and other nonduplicative startup functions that need
27 not await completion of another function."

28 AMENDMENT NO. 16

29 On page 7, delete lines 18 through 21 and insert in lieu thereof the following:

30 "(8) Escalation to designated research-entity and department personnel upon
31 failure to meet a benchmark, which may include executive-level review and may be
32 carried out in accordance with any applicable participation agreement. Escalation
33 may be initiated by the department or its designee, the sponsor, or the contract
34 research organization."

35 AMENDMENT NO. 17

36 On page 8, delete lines 3 through 5 and insert in lieu thereof the following:

37 "submission, shall state with reasonable specificity the federal or state legal
38 requirement or project-specific participant safety consideration supporting the
39 determination, and shall be provided to the sponsor and the department or its
40 designee."

41 AMENDMENT NO. 18

42 On page 8, delete line 9 and insert in lieu thereof the following:

1 "other site-specific institutional responsibilities expressly required by law or by
2 previously adopted written institutional policy directly related to local operational
3 readiness or participant safety and not based solely on institutional preference,
4 generalized practice, or duplication of ethical review of the protocol."

5 AMENDMENT NO. 19

6 On page 8, between lines 13 and 14, insert the following:

7 "F. Nothing in this Chapter shall be construed to require a research entity to
8 accept or activate a covered clinical project for which the research entity reasonably
9 determines that sufficient patient population, relevant clinical expertise, or
10 operational capability is lacking. This Subsection shall not be construed to excuse
11 compliance with the timelines and process standards applicable to making such
12 determination."

13 AMENDMENT NO. 20

14 On page 8, line 16, delete "admitted"

15 AMENDMENT NO. 21

16 On page 9, delete lines 4 and 5 and insert in lieu thereof the following:

17 "information regarding performance benchmark categories and shall publish such
18 aggregated information in the annual report required by Subsection H of this
19 Section."

20 AMENDMENT NO. 22

21 On page 9, delete lines 14 through 21 and insert in lieu thereof the following:

22 "H. The department or its designee shall submit an annual report to the
23 House Committees on Appropriations and Commerce and the Senate Committees on
24 Finance and Commerce, Consumer Protection and International Affairs by January
25 first of each year summarizing research entities, active benchmark categories,
26 number of covered clinical projects, median timelines by benchmark category to the
27 extent practicable, aggregate counts of external institutional review board reliance
28 and nonreliance determinations, including to the extent practicable such counts by
29 benchmark category, barriers encountered in implementation, including to the extent
30 identified by research entities patient-population limitations, subspecialty workforce
31 gaps, referral-network limitations, infrastructure gaps, and category-specific
32 operational issues, department or designee implementation capacity constraints and
33 resource needs for effective administration of this Chapter, and recommendations for
34 statutory, administrative, or budgetary changes.

35 I. A research entity that demonstrates repeated failure to meet applicable
36 benchmark expectations may have its inclusion in department-coordinated feasibility
37 responses, site-identification efforts, sponsor-facing coordination, or presentation of
38 verified capabilities modified, limited, or conditioned in accordance with rule or
39 guidance and any applicable participation agreement.

40 J. For benchmark categories designated by rule or guidance as bone marrow
41 transplant, cellular therapy, cell-therapy, gene-therapy, or other highly specialized
42 modalities, the department shall establish specialized process standards, in
43 consultation with research entities conducting such trials, that account for the clinical
44 urgency, specialized infrastructure, relevant subspecialty expertise, and operational
45 requirements of such categories."

1 AMENDMENT NO. 23

2 On page 10, between lines 5 and 6, insert the following:

3 "(4) Require the department or its designee to collect or maintain identifiable
4 patient information except as otherwise expressly authorized by federal and state law
5 and by patient consent."
