EXPENDITURE EXPLANATION

Proposed law may result in an indeterminable increase in SGF expenditures in the Department of Public Safety and Corrections-Corrections Services, to the extent that offenders are convicted of a second offense of purchase of commercial sexual activity. Proposed law has the effect of creating a mandatory minimum sentence for a second offense of purchase of commercial sexual activity, which is a relative felony. Any impact on either state or local expenditures is contingent on whether an offender sustains either a misdemeanor or felony-grade conviction for its violation. The exact fiscal impact is indeterminable, as it is unknown how many people will be convicted with a mandatory minimum sentence under the proposed law.

To the extent that offenders sustain a felony-grade conviction for violation of the proposed law, DPS&C-CS will sustain an indeterminable increase in expenditures. For those convicted, sentenced, and then subsequently housed in a state facility, DPS&C-CS will sustain expenditures of \$107.60 per offender per day. For those housed in local facilities, DPS&C-CS will sustain expenditures of \$29.39 per offender per day. DPS&C-CS advises that impacts on offender populations are anticipated to impact the number of offenders held in local facilities, and that in managing its offender population, it seeks to fill all beds in state facilities first, then assigns overflow offenders to local facilities.

To the extent that offenders sustain a misdemeanor conviction for violation of the proposed law, local governing authorities will sustain Local Funds expenditures. The exact fiscal impact of the passage of this legislation to local governing authorities is indeterminable, since it is not known how many people will be convicted and incarcerated in local facilities, nor the length of the sentences assessed with those convictions as a result of its potential enactment.

REVENUE EXPLANATION

Proposed law may result in an increase in Local revenues to the extent that offenders are convicted of a second offense of purchase of commercial sexual activity. The exact fiscal impact is indeterminable, because the fines that are imposed on those convicted are optional, and the amount of the fines imposed are variable in nature. Revenues will accrue to local governing authorities.
