AN ACT

To enact Subpart E of Part III of Chapter 1 of Title 17 of the Louisiana Revised Statutes of 1950, to be comprised of R.S. 17:288.1 through 288.4, and R.S. 17:3996(B)(92), relative to parental choice in education; to authorize released time courses under certain circumstances; to provide for religious education subject to parental authorization; to authorize public school boards to adopt certain policies; to provide for immunity from liability for public school boards that authorize released time; to require parental consent for minor students; to provide for requirements; to require that parents receive certain information; to authorize academic credit; to provide for legislative intent; to provide for definitions; to provide for an effective date; and to provide for related matters.

Be it enacted by the Legislature of Louisiana:

Section 1. Subpart E of Part III of Chapter 1 of Title 17 of the Louisiana Revised Statutes of 1950, comprised of R.S. 17:288.1 through 288.4, and R.S. 17:3996(B)(92) are hereby enacted to read as follows:

SUBPART E. SCHOOL RELEASED TIME EDUCATION ACT

§288.1. Short title; legislative intent

1 A. This Subpart shall be known as and may be cited as the "School
2 Released Time Education Act".

3 B. The legislature finds all of the following:

4 (1) In 1952, the Supreme Court of the United States ruled that public
5 schools may release students during school hours for off-campus religious
6 instruction, provided that there is parental consent and that the program is not
7 publicly funded. The ruling established that public schools allowing released
8 time for religious instruction is permissible under the Constitution of the United
9 States of America. (*Zorach v. Clauson*, 343 U.S. 306).

10 (2) Article 101 of the Louisiana Children's Code declares that "(t)he
11 people of Louisiana recognize the family as the most fundamental unit of human
12 society; that preserving families is essential to a free society; that the
13 relationship between parent and child is preeminent in establishing and
14 maintaining the well-being of the child; that parents have the responsibility for
15 providing the basic necessities of life as well as love and affection to their
16 children; that parents have the paramount right to raise their children in
17 accordance with their own values and traditions; that parents should make the
18 decisions regarding where and with whom the child shall reside, the
19 educational, moral, ethical, and religious training of the child . . ."

20 (3) As interest grows across Louisiana, legislation is needed to show
21 support for parents' rights to request released time courses of education for
22 their children.

23 §288.2. Definitions

24 Unless otherwise indicated, the following definitions shall apply to this
25 Subpart:

26 (1) "Department" means the Louisiana Department of Education.

29 education of their minor child.

1 **(3) "Released time course" means a course in religious instruction taught**
2 **by a sponsoring entity in which a student is allowed to attend, subject to prior**

14 **course program.**

15 **(7) "Student adult" means a person who is eighteen years of age or older**
16 **or is an emancipated minor who is authorized by law to make his own decisions**
17 **regarding his education.**

18 **§288.3. Released time courses; authorization; parental approval; requirements;**
19 **limitation on liability**

20 **A. Each school board may adopt a policy that allows students, subject to**
21 **parental approval, to participate in a released time course.**

22 **B. The policy adopted by the school board shall require all of the**
23 **following:**

24 **(1) That the minor student's parent gives written consent for the minor**
25 **student to attend a released time course.**

26 **(2) That the student adult indicates, in writing, his consent to attend the**
27 **released time course.**

28 **(3) That any sponsoring entity of a released time course that provides**
29 **transportation of students to or from a released time course maintain**

1 automobile liability insurance with coverage limits in an amount not less than
2 the minimum coverage required by the school board for school buses operated
3 by or on behalf of the school system. Proof of such insurance shall be furnished
4 to the school board as a condition of providing such transportation.

13 is solely the responsibility of the entity sponsoring the released time course.

20 attends or to the school board.

23 (3) When notification is given to a school, by a parent or student adult,
24 that the student is attending the released time course and subsequently does not
25 attend the course and is not otherwise present at the school, then the student
26 shall be recorded as having an unexcused absence by the school for that time
27 and shall be subject to the provisions of R.S. 17:233.

28 E. Criminal background checks shall be conducted, as provided in R.S.
29 15:587.1 and 587.7, on each instructor and any other person who may have

1 direct contact with or supervisory responsibility over a student participating in
2 a released time course.

3 F.(1) The sponsoring entity assumes liability for the student while under
4 the control of the sponsoring entity.

5 (2) Notwithstanding any other provision of law to the contrary, an
6 authorizing school board, school, or any officer or employee thereof shall be
7 immune from liability from any action or suit for any injury that takes place at
8 a released timed course held off campus or that takes place while the student is
9 being transported to or from the released timed course.

10 (3) Liability associated with any transportation of students to and from
11 a released time course that is at a location other than the school shall be the
12 responsibility of whichever of the following that applies:

13 (a) The parent who transports the parent's own child.

14 (b) Another person designated by the parent to transport the minor
15 student.

16 (c) The sponsoring entity who is authorized by the parent to transport
17 the student.

18 (d) The student adult who transports himself.

19 G. Any transportation to and from a released time course shall be
20 subject to specific prior written authorization by the parent unless the parent
21 is transporting the parent's own child.

22 H.(1) Released time courses shall not to be held on school property unless
23 permitted under a neutral policy of equal access that opens school property for
24 use by community groups. To the extent that the other community groups are
25 allowed to use school property, then the school shall not discriminate against the
26 sponsoring entity, the student, or the parent who desires to have the minor
27 student attend the released time course.

28 (2) Nothing in this Subpart shall be interpreted to deny a released time
29 course or the sponsoring entity equal access to funds, benefits, or services that

DIGEST

SB 112 Reengrossed

2026 Regular Session

Hodges

Proposed law provides that each school board may adopt a policy that allows students, subject to parental approval, to attend a released time course. Proposed law defines "released time course" as a course in religious instruction taught by a sponsoring entity in which a student is allowed to attend, subject to approval by the child's parent or legal guardian.

Proposed law provides that the legislature finds, as follows:

- (1) In 1952, the United States Supreme Court ruled that public schools may release students during school hours for off-campus religious instruction, provided that there is parental consent and that the program is not publicly funded.
- (2) That the La. Children's Code declares that the people of La. recognize the family as the most fundamental unit of human society; that preserving families is essential to a free society; that the relationship between parent and child is preeminent in establishing and maintaining the well-being of the child; that parents should make the decisions regarding the educational, moral, ethical, and religious training of the child.
- (3) As interest in released time for religious instruction grows across our state, legislation is needed to show support for parents' rights to request released time.

Proposed law defines a "sponsoring entity" of a course to mean a church or other religious organization that is IRS tax-exempt and that receives authorization from the school board to operate a released time course.

Proposed law defines "department", "parent", "school board", "school", and "student adult".

Proposed law provides that the school is free from liability for any injury that occurs while the student is off-campus at a released time course or being transported to the course.

Proposed law requires that any sponsoring entity of a released time course that provides transportation of students to or from such course maintain automobile liability insurance with coverage limits not less than the minimum required by the school board for school buses operated by or on behalf of the school system. Proposed law further requires that proof of such liability insurance be provided to the school board as a condition of providing transportation.

Proposed law provides that a criminal background check must be conducted on each instructor and any other person who may have direct contact with or may have supervisory responsibility over a student participating in the released time course.

Proposed law provides that the written parental consent or authorization to attend the released time course is to include a notice that contains all of the following:

- (1) That the school and school board has no liability for any injury that occurs while the student is at an off-campus released time course.
- (2) That the school and school board have no liability for the transportation to or from the released time course.

- (3) That the sponsoring entity is responsible for any liability associated with the released time course.
- (4) That any liability for injuries that occur during the transportation to or from the released time course shall be solely the responsibility of the sponsoring entity, the parent, or whoever the parent authorizes to transport the child.

Proposed law provides that the sponsoring entity of the released time course maintains attendance records and makes them available to the school that the student attends.

Proposed law provides that released time course is to be between one and five hours per school week and that if the student is absent from the course or not at school, then the student will be counted as absent for truancy purposes.

Proposed law provides that the La. Dept. of Education is to provide a course credit code that participating schools may use to award academic credit for the completion of a released time course or the schools may use the academic credit for the course taught on the history and literature of the Bible, under present law.

Proposed law provides that the released time courses are not to be held on school property unless permitted under a neutral policy of equal access that opens school property for use by secular community groups.

Proposed law provides that proposed law is to be known as and may be cited as the "School Released Time Education Act".

Effective upon signature of the governor or lapse of time for gubernatorial action.
