To enact R.S. 56:126.1, relative to the Department of Wildlife and Fisheries; to provide for the disposition of sick, injured or orphaned wildlife species seized as a result of unlawful possession; to establish a preference for release, rehabilitation, and placement with licensed facilities; to provide for euthanasia only when no feasible alternatives exist and under specified circumstances; and to provide for related matters.

Be it enacted by the Legislature of Louisiana:

Section 1. R.S. 56:126.1 is hereby enacted to read as follows:

§126.1. Disposition of wildlife seized for unlawful possession; euthanasia

A. This Section shall be applicable to any wildlife held in violation of R.S. 56:126 that is seized by the department for unlawful possession. For purposes of this Section, wildlife seized by the department shall be referred to as "contraband wildlife".

B. Contraband wildlife shall be evaluated by department field staff or by a veterinarian to determine the appropriate disposition.

C. The department shall dispose of contraband wildlife in accordance with the following order of preference:

(1) If the contraband wildlife is clinically healthy, past the age of independence, and release of the species into the wild is not prohibited by law or regulation, the department shall release the wildlife into a suitable habitat.

(2) If the contraband wildlife is sick, injured, or otherwise not immediately releasable, but is capable of being rehabilitated, the department shall place the wildlife with a wildlife rehabilitator permitted by the department who is authorized to possess the species and who is willing to accept the wildlife. Wildlife placed with

a rehabilitator shall remain in the rehabilitator's possession until it can be released to the wild or until the rehabilitator, in consultation with the department, determines that further rehabilitation is not feasible. A rehabilitator shall notify the department prior to euthanizing any wildlife placed in his care pursuant to this Paragraph.

(3) If the contraband wildlife is medically nonreleasable or is determined to be nonreleasable due to habituation to life in captivity or rehabilitation would pose a risk to public health or be deemed inappropriate due to an animal's temperament and risk of injury to the animal or humans, the department shall make every reasonable effort to place the wildlife with a zoo, aquarium, sanctuary, educational institution as appropriate, or other facility that is licensed or otherwise authorized to possess the species under state or federal law.

(4) Euthanization of contraband wildlife shall only be performed as a last resort. The department may euthanize contraband wildlife only if one or more of the following applies:

(a) None of the preferred options provided in this Subsection is viable or available for the wildlife.

(b) The wildlife exhibits clinical signs of disease.

(c) The wildlife has sustained a life-threatening injury.

(d) Release or rehabilitation of the species is prohibited by law or regulation and no licensed facility described in Paragraph (C)(3) of this Section is willing, authorized, or appropriate to accept the wildlife.

(e) The state wildlife veterinarian, or Department of Wildlife and Fisheries departmental veterinarian has determined that euthanasia is in the best interest of the animal.

D. Any euthanasia performed pursuant to this Section shall be conducted in accordance with the most current edition of the American Veterinary Medical Association: Guidelines for the Euthanasia of Animals.

HB Draft

2026 Regular Session

**Abstract:** Provides for the disposition of sick, injured or orphaned wildlife species seized as a result of unlawful possession, establishes a preference for release, rehabilitation, and placement with a wildlife rehabilitator or licensed facility, and provides for euthanasia only when no feasible alternatives exist.

Proposed law provides for wildlife held in violation of present law that is seized by the dept. and specifies that such wildlife will be referred to as "contraband wildlife".

Proposed law provides for contraband wildlife to be evaluated by dept. field staff or by a veterinarian to determine its disposition.

Proposed law provides for the disposition order of preference to include release when possible, rehabilitation when possible with a permitted rehabilitator, placement at an appropriate facility when possible, and euthanasia when no other possibilities exist.

Proposed law provides for the enumerated conditions which must be met for euthanasia.

Proposed law requires that euthanasia be performed in accordance with the most current accepted guidelines by the American Veterinary Medical Association.
