Subject: Ambulance providers treatment-in-place		

HEALTH SERVICES REF NO IMPACT See Note Page 1 of 1
 Provides relative to ambulance providers. (8/1/26)

Proposed law requires Louisiana Medicaid to cover treatment-in-place services provided by ambulance providers. Treatment-in-place is defined as an encounter between an ambulance provider and a beneficiary which takes place in response to a 911 call where an assessment or treatment is provided by the ambulance provider to the beneficiary but transport of the beneficiary is not performed. Proposed law requires treatment-in-place services to be covered at the associated basic life support, emergency base rate, or the advanced life support, Level 1 emergency base rate provided for in the Medicaid fee schedule, depending on level of response and services rendered. Proposed law requires the LA Department of Health (LDH) to promulgate rules to implement the provisions of proposed law.
