26 quality of life and increase longevity.

27 (11) Coordinate an online clearinghouse of credible online evidence-based
28 information and resources, including the Interagency Women's Health Agenda, as
29 identified by the consortium.

1 M. The consortium shall maintain confidentiality of any information data or
2 records provided to it, as required by the laws relative to such records and
3 information.

4 N. The consortium shall submit to the David R. Poynter Legislative Research
5 Library, the House and Senate committees on health and welfare, and the governor's
6 office prior to December thirty-first each year an annual written report that
7 summarizes the activities for the year prior, including the Interagency Women's
8 Health Agenda for the state, and any recommendations.

9 O. For the purposes of this Section, the following terms have the meanings
10 ascribed to them in this Subsection:

11 (1) "Consortium" means a network of public and private sector experts and
12 health professionals in this state specializing in women's health, as well as policy
13 leaders necessary to effectuate change for a comprehensive women's health agenda
14 for the state.

15 (2) "Funding Priority Program for Women's Health Initiatives" means a
16 schedule of detailed women's health initiatives in this state which are prioritized and
17 adopted by the consortium each fiscal year which includes any current funding
18 provided, the entity receiving the funding, and any additional funding needed in
19 ensuing fiscal years. The schedule also includes any alternative means of funding
20 identified from potential public-private partnerships and multi-state collaborations.

21 (3) "Interagency Women's Health Agenda" means a yearly assessment by the
22 consortium given to the governor, legislature, and made available to the public of
23 strengths, weaknesses, and opportunities on those issues of health which significantly
24 affect women, in particular perimenopause, menopause, and postmenopause.

25 (4) "Menopause" means twelve months since the last menstrual cycle and the
26 end of reproductive capabilities.

27 (5) "Perimenopause" means an extended transitional stage that takes place
28 prior to menopause. This state is initiated by fluctuations in hormone levels.
