Establishes a Perinatal Bereavement Care Initiative within the Louisiana Department of Health. (8/1/26)

Proposed law creates and establishes the Perinatal Bereavement Care Initiative, also known as "Angel's' Law" with the LA Department of Health (LDH), Office on Women's Health and Community Health. Proposed law requires the department to administer the initiative and coordinate with the Commission on Perinatal Care and Prevention of Infant Mortality and nonprofit organizations to provide certain resources to hospitals with a maternity unit or neonatal intensive care unit: (1) training for hospital personnel, (2) perinatal cooling device, (3) education for staff on operating devices; and (4) identifying available perinatal bereavement services for parents/family members. Proposed law requires the department to identify each hospital that has a maternity unit or neonatal intensive care unit and to prioritize hospitals that lack access to perinatal cooling devices, treat high-risk maternal patients, and deliver babies. Proposed law allows the department to seek and receive voluntary funds from any source to provide for proposed law. Proposed law requires the LDH, beginning February 1, 2027, and annually thereafter through February 1, 2030, to submit a report to the Senate Health and Welfare Committee and the House Health and Welfare Committee on the progress of the initiative.

EXPENDITURE EXPLANATION

Proposed law will increase state expenditures within LDH, Office on Women's Health and Community Health, associated with administering the Perinatal Bereavement Care Initiative, providing education and training resources to hospitals, and purchasing perinatal cooling devices for hospitals that lack such equipment. **Based on 35 birthing ready hospitals statewide, LDH estimates a cost of \$103,250 (\$2,950 x 35) to provide perinatal cooling devices. However, since some birthing hospitals already have devices, expenditures may be less and will depend on the number of hospitals requiring devices.** For this reason, the LFO believes the total cost exposure falls below the expenditure dual referral threshold as stipulated in Senate Rule 13.5.1 and House Rule 6.8(F)(1). There is no anticipated impact on LDH for providing education and training resources to hospitals required by proposed law.

Proposed law requires the LDH, beginning 2/01/27, and annually thereafter through 2/01/30, to submit a report to the Senate Health and Welfare Committee and the House Health and Welfare Committee on the progress of the initiative. It is anticipated that the department can accomplish this utilizing existing staff and resources.

REVENUE EXPLANATION

Proposed law authorizes LDH to receive federal funds and voluntary monies, including gifts, grants, and donations, which may offset program costs. The amount of revenue that would be received from voluntary monies is speculative and indeterminable.

Senate

Dual Referral Rules

House

13.5.1 >= \$100,000 Annual Fiscal Cost {S & H}

6.8(F)(1) >= \$100,000 SGF Fiscal Cost {H & S}

13.5.2 >= \$500,000 Annual Tax or Fee Change {S & H}

6.8(G) >= \$500,000 Tax or Fee Increase or a Net Fee Decrease {S}
