Proposed Amd.:

Sub. Bill For.:

Date: May 27, 2026	10:32 AM	Author: CARTER, GARY
Dept./Agy.: Education		Analyst: Julie Silva
Subject: Vocational training opportunities/ IGPs and IEPs		

STUDENTS EN NO IMPACT See Note
Provides relative to individual graduation plans. (8/1/26)

Proposed legislation requires that each student, with the assistance of his parent or legal guardian and school counselor, be offered available vocational training opportunities. Further authorizes a parent or legal guardian of a student entering the 11th grade to request revisions to the student's Individual Graduation Plan (IGP) or Individualized Education Program (IEP), if applicable, to reflect available vocational training options.

Proposed legislation also requires standalone K-8 charter schools to provide written notice to eighth grade students and their parents or legal guardians regarding the purpose of an IGP, available diploma pathways, and associated course requirements so the student is prepared to complete an IGP upon enrollment in high school. Further authorizes such charter schools to coordinate with receiving high schools regarding a student's IGP or IEP, if applicable. Requires schools to review and revise plans, provide notices, and coordinate implementation using existing staff and resources.

EXPENDITURE EXPLANATION

Proposed legislation is not anticipated to result in a direct material fiscal impact for public school systems or charter schools.

Traditional public school systems and charter schools that include high school grades may experience a minor increase in administrative workload associated with additional coordination and planning activities related to existing Individual Graduation Plans (IGPs), Individualized Education Programs (IEPs), and vocational training opportunity discussions. Standalone K-8 charter schools may also experience additional workload associated with providing required notices to students and parents or legal guardians and coordinating with receiving high schools regarding IGPs or IEPs, if applicable. However, any such workload is anticipated to be minimal and absorbed within existing staff and resources.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.
