2026 Regular Session

Edmonds

Present law allows churches and nonprofit religious organizations to form self-insurance pools for property insurance through the Louisiana Churches and Nonprofit Religious Organizations Self-Insured Fund (the fund).

Proposed law allows self-insurance pools for commercial coverage and defines "commercial coverage".

Proposed law allows churches and nonprofit religious organizations to also form self-insurance pools for other types of risk with approval of the commissioner of insurance.

Present law provides for a written application to the Department of Insurance(department) to form a self-insurance fund. Requires that the application contain proof of advance payment to the fund by each initial member of the fund of not less than twenty-five percent of that member's first year estimated annual normal premiums.

Proposed law retains present law except requires proof through a pledge to make advance payment prior to the fund providing coverage. Further authorizes the commissioner to suspend the funds' certificate or authority until every initial member of the fund has made their pledge advance payment and allows the commissioner to take additional regulatory action.

Present law sets forth certain requirements for the fund and provides that the fund maintain a contract or contracts of specific excess insurance and reinsurance of not less than an amount that is actuarially sound and approved by the department.

Proposed law requires the members of the fund establish and maintain an aggregate loss fund or a stop loss provision as part of the excess insurance policy placements in an amount equivalent to not more than one year's premium for each risk underwritten. Further requires the trust fund for each risk underwritten to maintain a cash reserve, sufficient to cover payment of the entire aggregate loss fund, for each coverage year. Further provides that a member of the fund shall not be responsible for the total obligations of the fund solely by reason of membership.

Present law requires original books, records, documents, accounts, vouchers, and authorized reproductions to be preserved in La. for examination purposes until the department grants authority for their destruction or disposal. Further provides that original records and certified reproductions to be retained for at least five years or through the subsequent examination period following the last department examination, whichever period is longer.

Proposed law retains present law but requires that records originally received in a digital or electronic format are to also be maintained for the period commencing on the first day following the last period examined by the department through the subsequent examination period, or five years, whichever is longer.

Present law grants exclusive jurisdiction over any proceeding instituted under present law to the 19th JDC.

Proposed law retains present law and further allows the fund and a member of the fund to resolve a claim dispute through mediation or appraisal process.

Effective upon signature of the governor or lapse of time for gubernatorial action.
