

2026 Regular Session

SENATE RESOLUTION NO. 203

BY SENATOR BARROW

EMPLOYMENT. Creates the Louisiana Livable Wage Task Force.

A RESOLUTION

To create the Louisiana Livable Wage Task Force to study the cost of living and make recommendations to improve economic security for workers and families.

WHEREAS, Louisiana's current minimum wage is set at \$7.25 per hour pursuant to federal law; and

WHEREAS, working Louisianians are facing an increase in costs associated with housing, health care, childcare, transportation, food, and other necessities; and

WHEREAS, ensuring that workers earn wages sufficient to meet basic living expenses contributes to stronger families, healthier communities, reduced poverty, and increased economic participation; and

WHEREAS, the current federal minimum wage of \$7.25 per hour has remained unchanged since July 24, 2009, and is insufficient for many working families in Louisiana to meet basic living expenses; and

WHEREAS, the rising cost of housing, food, transportation, health care, and utilities has increased financial hardship for workers across the state; and

WHEREAS, studies such as the Massachusetts Institute of Technology Living Wage Calculator estimate that a true living wage in Louisiana would be substantially higher than the current federal minimum wage; and

1 WHEREAS, proposed legislation to establish a statewide livable wage beginning at
2 \$10.25 per hour with future adjustments tied to inflation has failed; and

3 WHEREAS, despite the rising cost of basic necessities, many Louisiana workers
4 continue to earn wages so low that they are unable to secure stable housing, reliable
5 transportation, nutritious food, health care, childcare, or educational opportunity for
6 themselves and their families; and

7 WHEREAS, a full-time worker earning the federal minimum wage earns
8 approximately \$15,080 annually before taxes, an amount that falls far below what the
9 Massachusetts Institute of Technology Living Wage Calculator opines is necessary to
10 maintain even a modest standard of living; and

11 WHEREAS, low wages force many working families into impossible choices
12 between rent and medicine, groceries and utilities, and transportation and childcare, thereby
13 perpetuating cycles of poverty, housing insecurity, debt, and economic instability; and

14 WHEREAS, the continued existence of poverty wages disproportionately harms
15 women, immigrant communities, disabled individuals, rural residents, and other historically
16 marginalized populations throughout Louisiana; and

17 WHEREAS, workers who perform essential labor deserve compensation that reflects
18 the value, dignity, and necessity of their work, particularly after the sacrifices made by
19 frontline workers during public health emergencies, natural disasters, and economic crises;
20 and

21 WHEREAS, paying workers a livable wage strengthens local economies by
22 increasing consumer spending, reducing employee turnover, improving workplace morale,
23 stimulating small business growth, and decreasing dependence on publicly funded assistance
24 programs; and

25 WHEREAS, numerous economists, labor advocates, faith leaders, and public policy
26 organizations have concluded that raising wages contributes to improved health outcomes,
27 educational attainment, community stability, and long-term economic growth; and

28 WHEREAS, Louisiana consistently ranks among the poorest states in the nation in
29 measures of poverty, health outcomes, educational opportunity, and economic mobility,
30 conditions that are heightened by persistently low wages; and

1 WHEREAS, no person who works full time should be forced to live in poverty,
2 depend on charity, sleep in unsafe housing, or skip meals in order to survive; and

3 WHEREAS, economic justice is inseparable from human dignity and the moral
4 obligation of society to ensure that labor is compensated fairly and adequately; and

5 WHEREAS, the failure to establish a livable wage undermines families, weakens
6 communities, and contributes to preventable suffering across the state; and

7 WHEREAS, a comprehensive review of regional living costs and labor market
8 conditions is necessary to inform future policy decisions; and

9 WHEREAS, it is also necessary to study the economic conditions affecting workers
10 and employers in the community and to evaluate policy options that may support livable
11 wages while maintaining a healthy business climate.

12 THEREFORE, BE IT RESOLVED that the Senate of the Legislature of Louisiana
13 does hereby create the Louisiana Livable Wage Task Force, hereinafter referred to as the
14 "task force", to study and make recommendations concerning livable wages in Louisiana.

15 BE IT FURTHER RESOLVED that the task force shall do all of the following:

15 chairman, and any other officers the task force deems necessary. If the first meeting of the
16 task force is not convened by September 1, 2026, then the task force shall be deemed
17 terminated.

18 BE IT FURTHER RESOLVED that the Senate Committee on Labor and Industrial
19 Relations staff shall provide administrative support to the task force.

20 BE IT FURTHER RESOLVED that a majority of the members of the task force shall
21 constitute a quorum for the transaction of business and that any official action of the task
22 force shall require the affirmative vote of a majority of the members present.

23 BE IT FURTHER RESOLVED that the members of the task force shall serve
24 without compensation, except per diem or expenses reimbursement to which they may be
25 individually entitled as members of their constituent organizations.

26 BE IT FURTHER RESOLVED that the task force shall submit a written report of
27 its findings and recommendations no later than March 1, 2027, to Louisiana Works and the
28 Senate Committee on Labor and Industrial Relations, as required by R.S. 24:771 and 772.

29 BE IT FURTHER RESOLVED that the task force shall otherwise terminate on the
30 date of the submission of its report or March 1, 2027, whichever occurs first.

1 BE IT FURTHER RESOLVED that a copy of this Resolution be transmitted to the
2 secretary of Louisiana Works, the secretary of Louisiana Economic Development, each
3 entity with appointment authority under this Resolution, including the Senate Committee on
4 Labor and Industrial Relations, LABI, and the AFL-CIO.
