

ACT No. 779

2026 Regular Session

HOUSE BILL NO. 3

BY REPRESENTATIVE BACALA

1 AN ACT

2 To enact the Omnibus Bond Authorization Act of 2026, relative to the implementation of
3 a five-year capital improvement program; to provide for the repeal of certain prior
4 bond authorizations; to provide for new bond authorizations; to provide for
5 authorization and sale of such bonds by the State Bond Commission; to provide
6 relative to the submission of capital outlay applications; and to provide for related
7 matters.

8 Be it enacted by the Legislature of Louisiana:

9 Section 1. The legislature hereby recognizes that the Constitution of Louisiana
10 provides in Article VII, Section 11, that the governor shall present to the legislature a
11 five-year Capital Outlay Program and request implementation of the first year of such
12 program, and that the capital outlay projects approved by the legislature are to be made part
13 of the comprehensive state capital budget which shall, in turn, be adopted by the legislature.
14 Further, all projects in such budget adopted by the legislature requiring bond funds must be
15 authorized as provided in Article VII, Section 6 of the Constitution of Louisiana. The
16 legislature finds that over a period of years the legislature has enacted numerous bond
17 authorizations, but due to inflation and the requirements of specificity of amount for each
18 project, impossibility, or impracticability, many of the projects cannot be undertaken. All
19 of the unissued bonds must be listed in the financial statements of the state prepared from
20 time to time and in connection with the marketing of bonds, and are taken into account by
21 rating agencies, prospective purchasers, and investors in evaluating the investment quality
22 and credit worthiness of bonds being offered for sale. The continued carrying of the
23 aforesaid unissued bonds on the financial statements of the state under the above described
24 circumstances operates unnecessarily to the financial detriment of the state. Accordingly,
25 the legislature deems it necessary and in the best financial interest of the state to repeal all
26 Acts, except any Act authorizing the issuance of refunding bonds and Act 41 of the 2006
27 First Extraordinary Session, providing for the issuance of general obligation bonds in the

1 state which cannot be issued for the projects contemplated, and in their stead to reauthorize
2 general obligation bonds of the state for those projects deemed to be essential, and to
3 authorize new projects.

4 Section 2. It is the intent of the legislature that this Act shall constitute the Omnibus
5 Bond Authorization Act of 2026 and, together with any Act authorizing the issuance of
6 refunding bonds and Act 41 of the 2006 First Extraordinary Session, shall provide bond
7 authorization, as required by Article VII, Section 6 of the Constitution of Louisiana, for
8 those projects to be funded totally or partially by the sale of general obligation bonds and
9 included in House Bill No. 2 of the 2026 Regular Session as finally enacted into law (2026
10 Capital Outlay Act). It is the further intent of the legislature that in this year and each year
11 hereafter an Omnibus Bond Authorization Act shall be enacted providing for the repeal of
12 state general obligation bond authorizations for projects no longer found feasible or
13 desirable, the reauthorization of those bonds not sold during the prior fiscal year for projects
14 deemed to be of such priority as to warrant such reauthorization, and to enact new
15 authorization for projects found to be needed for capital improvements.

16 Section 3. Except as hereinafter provided, all prior Acts of the legislature authorizing
17 the issuance of general obligation bonds of the state of Louisiana shall be and the same are
18 hereby repealed in their entirety. This repeal shall not be applicable to any Act providing
19 for the issuance of refunding bonds nor to Act 41 of the 2006 First Extraordinary Session,
20 and such Acts shall remain in full force and effect and shall not be affected by the provisions
21 of this Act. In addition, the repeal shall not in any manner affect the validity of any bonds
22 heretofore issued pursuant to any of the bond authorizations repealed hereby.

23 Section 4. To provide funds for certain capital improvement projects the State Bond
24 Commission is hereby authorized pursuant to Article VII, Section 6 of the Constitution of
25 Louisiana to issue general obligation bonds or other general obligations of the state for
26 capital improvements for the projects, and subject to any terms and conditions set forth on
27 the issuance of bonds or the expenditure of monies for each project as is provided for in the
28 2026 Capital Outlay Act.

29 Section 5.(A) To provide funds for certain capital improvement projects authorized
30 prior to this Act and by this Act, which projects are designed to provide for reimbursement
31 of debt service on general obligation bonds, the State Bond Commission is hereby authorized

1 pursuant to Article VII, Section 6 of the Constitution of Louisiana, to issue general
2 obligation bonds of the state, hereinafter referred to as "project bonds", for capital
3 improvements for the projects and subject to any terms and conditions set forth on the
4 issuance of bonds or the expenditure of monies for each such project as provided in the 2026
5 Capital Outlay Act the terms of which require such reimbursement of debt service.

6 (B) Without affecting, restricting, or limiting the pledge herein made of the full faith
7 and credit of the state of Louisiana to the payment of the general obligation bonds authorized
8 by this Section and without affecting, restricting, or limiting the obligation of the state to pay
9 the same from monies pledged and dedicated to and paid into the Bond Security and
10 Redemption Fund, but in order to decrease the possible financial burden on the general funds
11 of the state resulting from this pledge and obligation, the applicable management board,
12 governing body, or state agency for which any of such project bonds are issued, in the fiscal
13 year in which such project bonds are issued and in each fiscal year thereafter until such
14 project bonds and the interest thereon are paid, shall transfer and make available to the state
15 treasury, for deposit in the Bond Security and Redemption Fund, designated student fees or
16 revenues or other revenues in an amount equal to the debt service on such project bonds in
17 such fiscal year. In addition, the applicable management board, governing body, or state
18 agency, in the fiscal year in which such project bonds are issued and in each of the nine
19 immediately succeeding fiscal years thereafter, shall transfer and make available to the state
20 treasury from designated student fees or revenues or other revenues, for credit to a
21 reimbursement reserve account for such project bonds which shall be established in an
22 account designated in the reimbursement contract hereafter provided for, monies in an
23 amount equal to one-tenth of the average annual debt service on such project bonds, and
24 each such reimbursement reserve account thereafter shall be maintained in said minimum
25 amount by further transfers, if necessary, from designated student fees or revenues or other
26 revenues by the applicable management board, governing body, or state agency to the state
27 treasury. Each such reimbursement reserve account shall be used, if necessary, solely to
28 make the reimbursement payments herein obligated to be made to the state treasury. When
29 the general obligation bonds and the interest thereon issued hereunder have been paid, an
30 amount remaining in the reimbursement reserve account, as prorated to such authorized

1 project, shall be transferred by the state treasurer to the applicable management board,
2 governing body, or state agency.

3 (C) No project bonds authorized by this Section shall be issued for any authorized
4 project unless and until a reimbursement contract has been entered into and executed
5 between the applicable management board, governing body, or state agency and the State
6 Bond Commission pertaining to the reimbursement payment and reimbursement reserve
7 account payments for such project. The contract shall require payment into the state treasury
8 of designated student fees or revenues or other revenues in an amount sufficient to reimburse
9 the cost to the state of the principal, interest, and premium, if any, obligated to be paid by
10 the state on such project bonds. The State Bond Commission shall not be required to
11 execute any such reimbursement contract unless the estimates and projections of the
12 designated student fees or revenues or other revenues available for payment into the state
13 treasury thereunder for the authorized projects are sufficient to reimburse the costs of the
14 principal, interest, and premium, if any, on the project bonds. A reimbursement contract
15 hereunder shall be authorized by resolution of the applicable management board, governing
16 body, or state agency, or board or by act of the chief executive officer if no governing board
17 exists. This authorization shall provide for the dates, amounts, and other details for the
18 payments required to be made to the state treasury and for the reserve account. The
19 authorization may contain such covenants with the State Bond Commission regarding the
20 fixing of rates for fees and charges or revenues and such other covenants and agreements
21 with the State Bond Commission as will assure the required payments to the state treasury.
22 The contract shall be subject to approval by the Office of the Attorney General and the State
23 Bond Commission and, when so accepted and approved, shall conclusively constitute and
24 be the reimbursement contract for an authorized project, as required hereunder.

25 (D) The obligation to make the reimbursement payments as required by a
26 reimbursement contract may be represented by the issuance by the applicable management
27 board, governing body, or state agency of its nonnegotiable revenue obligation in the form
28 of a bond or other evidence of indebtedness, hereinafter referred to as "reimbursement
29 bond". The reimbursement bond shall be issued in a single bond form, without coupons, in
30 the principal amount equal to the aggregate principal amount of project bonds, shall be
31 registered in principal and interest in the name of and be payable to the State Bond

1 Commission, shall bear interest at a rate or rates equal to the interest rate or rates payable
2 on the project bonds, and shall be payable as to principal and interest at such times, in such
3 manner, from designated student fees or revenues, or other revenues, and be subject to such
4 terms and conditions as shall be provided in the authorizing resolution or document executed
5 by a chief executive officer, where applicable. This authorization shall be subject to approval
6 by the State Bond Commission and the Office of the Attorney General, and when so
7 accepted and approved, the authorization shall constitute and be the reimbursement contract
8 for such authorized project, as required hereunder. The reimbursement bonds authorized
9 under the provisions of this Section may be issued on a parity with outstanding
10 reimbursement bonds of the applicable management board, governing body, or state agency,
11 or issued on a subordinate lien basis to outstanding bonds, or a combination thereof, and may
12 include and contain such covenants with the State Bond Commission for the security and
13 payment of the reimbursement bonds and such other customary provisions and conditions
14 for their issuance by the applicable management board, governing body, or state agency as
15 are authorized and provided for by general law and by this Section. Until project bonds for
16 an authorized project have been paid, the applicable management board, governing body,
17 or state agency shall impose fees and charges in an amount sufficient to comply with the
18 covenants securing outstanding bonds and to make the payments required by the
19 reimbursement contract.

20 (E) In addition to the other payments herein required, reimbursement contracts shall
21 provide for the setting aside of sufficient student fees or revenues or other revenues in a
22 reserve fund, so that within a period of not less than ten years from date of issuance of
23 project bonds there shall be accumulated in a reserve fund monies equal to a sum not less
24 than the average annual debt service requirements on such project bonds. Monies in the
25 reserve fund shall be used for the purpose of remedying or preventing a default in making
26 the required payments under a reimbursement contract. The reserve fund required hereunder
27 may consist of a reserve fund heretofore or hereafter established to secure payments for
28 reimbursement bonds of the applicable management board, governing body, or state agency,
29 provided that (1) payments from said reserve fund to secure the payments required to be
30 made under a reimbursement contract shall be on a parity with the payments to be made
31 securing outstanding bonds and additional parity bonds and (2) no additional parity

1 reimbursement bonds shall be issued except pursuant to the establishment and maintenance
2 of an adequate reserve fund as approved by the State Bond Commission.

3 (F) When the balance of reimbursement bond proceeds, for a project, are allocated
4 to another project, the State Bond Commission is authorized to make the appropriate
5 amendment to the reimbursement contract with the agency making the reimbursement
6 payments.

7 Section 6. The bonds authorized to be sold by the State Bond Commission pursuant
8 to this Act shall be issued and sold in conformity with the provisions of Article VII, Section
9 6 of the Louisiana Constitution, R.S. 39:1361 through R.S. 39:1367, and R.S. 39:1401
10 through R.S. 39:1430.1, and any amendments thereto adopted prior to, at the same time as,
11 or subsequent to, the effective date of this Act. However, the provisions of R.S. 39:1365(9)
12 shall not apply to any bonds issued hereunder in the form of variable rate and/or tender
13 option bonds and that said bonds need not be issued in serial form and may mature in such
14 year or years as may be specified by the State Bond Commission. Should any provision of
15 this Act be inconsistent with any provision of the Louisiana Revised Statutes of 1950, the
16 provision of this Act shall govern. In connection with the issuance of the bonds authorized
17 hereby, the State Bond Commission may, without regard to any other laws of the state
18 relating to the procurement of services, insurance, or facilities, enter into contracts upon such
19 terms as it deems advantageous to the state for (1) the obtaining of credit enhancement or
20 liquidity devices designed to improve the marketability of the bonds and (2) if the bonds are
21 structured as variable rate and/or tender option bonds to provide the services and facilities
22 required for or deemed appropriate by the State Bond Commission for such type of bonds,
23 including those of tender agents, placement agents, indexing agents, remarketing agents,
24 and/or standby bond purchase facilities. The cost of obtaining credit enhancement or
25 liquidity devices and fees for other services set forth in this Section shall, if authorized by
26 the State Bond Commission, be paid from the Bond Security and Redemption Fund as a
27 requirement with respect to the issuance of the bonds authorized hereby. The bonds shall be
28 general obligations of the state of Louisiana, to the payment of which, as to principal,
29 premium, if any, and interest, as and when the same become due, the full faith and credit of
30 the state is hereby irrevocably pledged. These bonds shall be secured by monies in the Bond
31 Security and Redemption Fund and shall be payable on a parity with bonds and other

1 obligations heretofore and hereafter issued which are secured by that fund. The maximum
2 interest rate or rates on such bonds, and their maturities, shall be determined by the State
3 Bond Commission. The state treasurer shall invest all bond proceeds until disbursed.

4 Section 7. The Treasurer is hereby authorized and directed to transfer to the Bond
5 Security and Redemption Fund to be expended on general obligation bond debt service of
6 the related bonds (including any bonds issued to refinance such bonds) any unexpended bond
7 proceeds balance of any general obligation account created prior to 2020 having a balance
8 of \$10,000 or less. If such bonds or refunding bonds are no longer outstanding, then such
9 unexpended bond proceeds shall be applied to pay debt service on any outstanding general
10 obligation bonds.

11 Section 8. Unless specifically repealed, this Act shall expire and be considered null
12 and void and of no further effect on June 30, 2027, except as to any bonds authorized herein
13 (1) which have been sold, (2) to which lines of credit have been issued, or (3) for which
14 contracts for construction have been signed.

15 Section 9. This Act shall become effective upon signature by the governor or, if not
16 signed by the governor, upon expiration of the time for bills to become law without signature
17 by the governor, as provided by Article III, Section 18 of the Constitution of Louisiana. If
18 vetoed by the governor and subsequently approved by the legislature, this Act shall become
19 effective on the day following such approval.

SPEAKER OF THE HOUSE OF REPRESENTATIVES

PRESIDENT OF THE SENATE

GOVERNOR OF THE STATE OF LOUISIANA

APPROVED: _____
