# ACT No. 3

HOUSE BILL NO. 1

BY REPRESENTATIVE MCFARLAND

Provides for the ordinary operating expenses of state government for Fiscal Year 2026-2027

1 AN ACT

2 Making annual appropriations for Fiscal Year 2026-2027 for the ordinary expenses of the  
3 executive branch of state government, pensions, public schools, public roads, public  
4 charities, and state institutions and providing with respect to the expenditure of said  
5 appropriations.

6 Be it enacted by the Legislature of Louisiana:

7 Section 1. The appropriations in this Act from state revenue shall be payable out of the  
8 sources specified and shall be limited by the provisions of Article VII, Section 10(D) of the  
9 Louisiana Constitution.

10 Section 2.A. All money from federal, interagency, statutory dedications, or self-  
11 generated revenues shall be available for expenditure in the amounts herein appropriated.  
12 Any increase in such revenues shall be available for allotment and expenditure by an agency  
13 on approval of an increase in the appropriation by the commissioner of administration and  
14 the Joint Legislative Committee on the Budget. Any increase in such revenues for an agency  
15 without an appropriation from the respective revenue source shall be incorporated into the  
16 agency's appropriation on approval of the commissioner of administration and the Joint  
17 Legislative Committee on the Budget. In the event that these revenues should be less than  
18 the amount appropriated, the appropriation shall be reduced accordingly. To the extent that  
19 such funds were included in the budget on a matching basis with state funds, a corresponding  
20 decrease in the state matching funds may be made. Any federal funds which are classified  
21 as disaster or emergency may be expended prior to approval of a BA-7 by the Joint  
22 Legislative Committee on the Budget upon the secretary's certifying to the governor that any  
23 delay would be detrimental to the state. The Joint Legislative Committee on the Budget

1 shall be notified in writing of such declaration and shall meet to consider such action, but  
2 if it is found by the committee that such funds were not needed for an emergency  
3 expenditure, such approval may be withdrawn and any balance remaining shall not be  
4 expended.

5 B. The commissioner of administration is hereby authorized and directed to correct the  
6 means of financing and expenditures for any appropriation contained in Schedule 20-901  
7 Sales Tax Dedications to reflect current law enacted in any session of the Legislature which  
8 affects any such means of financing or expenditure.

9 C. Notwithstanding any provision of law or this Act to the contrary, no funds herein  
10 appropriated or authorized later through a BA-7 in any means of finance may be used for a  
11 contact tracing program that mandates participation by an individual or business entity in the  
12 state of Louisiana.

13 Section 3.A. Notwithstanding any other law to the contrary, the functions of any  
14 department, agency, program, or budget unit of the executive branch, except functions in  
15 departments, agencies, programs, or budget units of other statewide elected officials, may  
16 be transferred to a different department, agency, program, or budget unit for the purpose of  
17 economizing the operations of state government by executive order of the governor.  
18 Provided, however, that each such transfer must, prior to implementation, be approved by  
19 the commissioner of administration and Joint Legislative Committee on the Budget. Further,  
20 provided that no transfers pursuant to this Section shall violate the provisions of Title 36,  
21 Organization of the Executive Branch of State Government.

22 B. In the event that any agency, budget unit, program, or function of a department is  
23 transferred to any other department, agency, program, or budget unit by other Act or Acts  
24 of the legislature, the commissioner of administration shall make the necessary adjustments  
25 to appropriations through the notification of appropriation process, or through approval of  
26 mid-year adjustments. All such adjustments shall be in strict conformity with the provisions  
27 of the Act or Acts which provide for the transfers.

28 C. Notwithstanding any other law to the contrary and before the commissioner of  
29 administration shall authorize the purchase of any luxury or full-size motor vehicle for  
30 personal assignment by a statewide elected official other than the governor and lieutenant  
31 governor, such official shall first submit the request to the Joint Legislative Committee on

1 the Budget for approval. "Luxury or full-sized motor vehicle" shall mean or refer to such  
2 vehicles as defined or used in rules or guidelines promulgated and implemented by the  
3 Division of Administration.

4 D. Notwithstanding any provision of law to the contrary, each agency which has  
5 contracted with outside legal counsel for representation in an action against another agency,  
6 shall submit a detailed report of all litigation costs incurred and payable to the outside  
7 counsel to the commissioner of administration, the legislative committee charged with  
8 oversight of that agency, and the Joint Legislative Committee on the Budget. The report  
9 shall be submitted on a quarterly basis, each January, April, July, and October, and shall  
10 include all litigation costs paid and payable during the prior quarter. For purposes of this  
11 Subsection, the term "litigation expenses" shall mean court costs and attorney fees of the  
12 agency and of the other party if the agency was required to pay such costs and fees. The  
13 commissioner of administration shall not authorize any payments for any such contract until  
14 such report for the prior quarter has been submitted.

15 E. Notwithstanding any provision of law to the contrary, each agency may use a portion  
16 of its appropriations contained in this Act for the expenditure of funds for salaries and  
17 related benefits for smoking cessation wellness programs, including pharmacotherapy and  
18 behavioral counseling for state employees of the agency.

19 Section 4. Each schedule as designated by a five-digit number code for which an  
20 appropriation is made in this Act is hereby declared to be a budget unit of the state.

21 Section 5.A. The program descriptions, account descriptions, general performance  
22 information, and the role, scope, and mission statements of postsecondary education  
23 institutions contained in this Act are not part of the law and are not enacted into law by  
24 virtue of their inclusion in this Act.

25 B. All key and supporting performance objectives and indicators for the departments,  
26 agencies, programs, and budget units contained in the Governor's Executive Budget  
27 Supporting Document shall be adjusted by the commissioner of administration to reflect the  
28 funds appropriated therein. The commissioner of administration shall report on these  
29 adjustments to the Joint Legislative Committee on the Budget by August 15 of the current  
30 fiscal year.

1 C. The discretionary and nondiscretionary allocations if contained in this Act are  
2 provided in accordance with R.S. 39:51(A)(3) and are to provide information to assist in  
3 legislative decision making and shall not be construed to limit the expenditures or means of  
4 financing of an agency, budget unit, or department to the discretionary or nondiscretionary  
5 amounts contained in this Act.

6 D. The expenditure category allocations contained in this Act are provided for  
7 informational purposes only from the Governor's Executive Budget supporting documents  
8 in accordance with R.S. 39:51(C) and are to provide information to assist in legislative  
9 decision making and shall not be construed to limit the expenditures or means of financing  
10 of an agency, budget unit, or department to the expenditure category amounts contained in  
11 this Act. The commissioner of administration shall notify the Joint Legislative Committee  
12 on the Budget of the initial allocation of expenditures and means of financing for the  
13 personal services expenditure category at the same time he reports initial expenditure  
14 allocations as required by R.S. 39:57.1.

15 E. The incentive programs, expenditures, and benefits contained in this Act are provided  
16 in accordance with R.S. 39:51(A)(2) and are not included as, nor counted towards, the  
17 operating expenses of the department, agency, or authority.

18 F. The prior year budget and positions contained in this Act are provided in accordance  
19 with R.S. 39:51 and are to provide information to assist in legislative decision making and  
20 shall not be construed as additional expenditures, means of financing, or positions of an  
21 agency, budget unit, or department.

22 Section 6.A. Unless expressly provided in this Act, funds cannot be transferred between  
23 departments or schedules receiving appropriations. However, any unencumbered funds  
24 which accrue to an appropriation within a department or schedule of this Act due to policy,  
25 programmatic, or cost-saving/avoidance measures may, upon approval by the commissioner  
26 of administration and the Joint Legislative Committee on the Budget, be transferred to any  
27 other appropriation within that same department or schedule. Each request for the transfer  
28 of funds pursuant to this Section shall include full written justification. The commissioner  
29 of administration, upon approval by the Joint Legislative Committee on the Budget, shall  
30 have the authority to transfer between departments funds associated with lease agreements  
31 between the state and the Office Facilities Corporation. The commissioner of administration

1 shall, in accordance with R.S. 15:827.3, transfer between departments or schedules of this  
2 Act any unencumbered funds which accrue to an appropriation due to the prior year savings  
3 achieved as a result of legislation relative to the criminal justice system enacted in the 2017  
4 Regular Session of the Legislature.

5 B. In conjunction with the continuing assessment of the existing staff, assets, contracts,  
6 and facilities of each department, agency, program or budget unit's information technology  
7 resources and procurement resources, upon completion of this assessment and to the extent  
8 optimization of these resources will result in the projected cost savings through staff  
9 reductions, realization of operational efficiencies, cost avoidance, and elimination of asset  
10 duplication, the commissioner of administration is authorized to transfer the functions,  
11 positions, assets, and funds from any other department, agency, program, or budget units  
12 related to these optimizations to a different department. The provisions of this Subsection  
13 shall not apply to the Department of Culture, Recreation and Tourism, or any agency  
14 contained in Schedule 04, Elected Officials, of this Act.

15 C. The commissioner of administration shall review all existing leases for office and  
16 warehouse space and compare the rent per square foot of such space to the market rent of  
17 similar space in the same market. The commissioner of administration is authorized and  
18 directed to renegotiate all leases that are in excess of the market rent to bring the rent in line  
19 with the market rent. The commissioner of administration, upon approval of the Joint  
20 Legislative Committee on the Budget, shall have the authority to transfer between  
21 departments funds from any savings from renegotiated leases.

22 Section 7. The state treasurer is hereby authorized and directed to use any available

5 agenda for a hearing by the Joint Legislative Committee on the Budget. Transactions not  
6 submitted in accordance with the provisions of this Section shall be considered by the  
7 commissioner of administration and Joint Legislative Committee on the Budget only when

2 expenditure, the transferring agency shall require each recipient to agree in writing to  
3 provide written reports to the transferring agency at least every six months concerning the  
4 use of the funds and the specific goals and objectives for the use of the funds. In the event

6 budget within the estimated duration of the project or failed to reasonably achieve its  
7 specific goals and objectives for the use of the funds, the transferring agency shall demand  
8 that any unexpended funds be returned to the state treasury unless approval to retain the

13 the funds to ensure effective achievement of the goals and objectives. The transferring  
14 agency shall forward to the legislative auditor, the division of administration, and the Joint  
15 Legislative Committee on the Budget a report showing specific data regarding compliance  
16 with this Section and collection of any unexpended funds. This report shall be submitted no

27 of an entity subject to this Subsection is misspelled or misstated in this Act or any other Act,  
28 the state treasurer may pay the funds appropriated to the entity without obtaining the  
29 approval of the Joint Legislative Committee on the Budget, but only after the entity has  
30 provided proof of its correct legal name to the state treasurer and transmitted a copy to the  
31 staffs of the House Committee on Appropriations and the Senate Committee on Finance.

8 **SCHEDULE 09**

9 **LOUISIANA DEPARTMENT OF HEALTH**

10 For Fiscal Year 2026-2027, cash generated by each budget unit within Schedule 09 may be  
 11 pooled with any other budget unit within Schedule 09 to avoid a cash deficit. No budget unit  
 12 may expend more revenues than are appropriated to it in this Act except upon the approval  
 13 of the Division of Administration and the Joint Legislative Committee on the Budget, or as  
 14 may otherwise be provided for by law.

15 Notwithstanding any provision of law to the contrary, the department shall purchase medical  
 16 services for consumers in the most cost effective manner. The secretary is directed to utilize  
 17 various cost containment measures to ensure expenditures remain at the level appropriated  
 18 in this Schedule, including but not limited to precertification, preadmission screening,  
 19 diversion, fraud control, utilization review and management, prior authorization, service  
 20 limitations, drug therapy management, disease management, cost sharing, and other  
 21 measures as permitted under federal law.

22 Beginning on October 15, 2026, and monthly thereafter, the department shall submit to the  
 23 Joint Legislative Committee on the Budget for its review a report itemizing the means of  
 24 financing and expenditures for Schedule 09-306 Medical Vendor Payments. The department  
 25 may vary the forecasting methodologies utilized to produce the reports as necessary to  
 26 ensure the submission of the most accurate projections of revenues and expenditures as  
 27 practical.

28 The first report shall include a detailed itemization of the actual means of financing and  
 29 expenditures for Medical Vendor Payments in Fiscal Year 2025-2026 and budgeted means  
 30 of financing and the initial allocation of payments and year-to-date expenditures for Fiscal  
 31 Year 2026-2027 delineated by provider group, state agency, or managed care program. The  
 32 reporting on the managed care expenditures shall differentiate between expenditures on the  
 33 ACA Expansion population and the non-expansion population. The first report shall also  
 34 include, for both the prior and current fiscal years, an itemization of supplemental or directed  
 35 payment programs by provider group as well as all supplemental or directed payments and  
 36 uncompensated care costs payments to the LSU Public Private Partnership hospitals. Finally,  
 37 the report shall also provide the total amount of the expenditures on the Managed Care  
 38 Incentive Program for both the prior and current fiscal years.

39 In the second report and each subsequent report submitted monthly thereafter, the  
 40 department shall include a section detailing the budgeted means of financing versus the  
 41 projected use of those means of financing to fund the projected expenditures and as adjusted  
 42 for projected revenue collections by source. In the event a surplus is projected, the  
 43 department shall provide an explanation of the source of any surplus revenues and the  
 44 rationale of the department’s proposed use of the means of financing. In the event a deficit  
 45 is projected due to the budgeted means of finance or estimated revenue collections being  
 46 insufficient to finance projected expenditures, the department shall inform the committee of  
 47 any other sources of revenues that may be available or adjustments in expenditures that  
 48 could be implemented within the department to aid in alleviating the projected deficit. Also,  
 49 beginning with the second report and continuing in each report submitted monthly thereafter,  
 50 the department shall delineate, in the same manner as presented in the first report of the  
 51 fiscal year, the initial allocation of payments, total projected expenditures, and year-to-date  
 52 expenditures in Fiscal Year 2026-2027 for each allocation within the programs, the

1 supplemental or directed payment programs, the supplemental or directed payments and  
2 uncompensated care costs payments to the LSU Public Private Partnership hospitals, and the  
3 total expenditures on the Managed Care Incentive Program.

4 Further, each report shall include a section specifying the total amount of pharmacy rebates  
5 projected to be received by the end of the fiscal year delineated between those generated by  
6 drug utilization of the expansion enrollees versus the non-expansion enrollees and, for the  
7 non-expansion enrollees, between those receiving health care services under the fee-for-  
8 service program versus the managed care program. In addition, each report shall include a  
9 section on current expansion and non-expansion enrollment in the Medicaid program and  
10 projected expansion and non-expansion enrollment through the end of the fiscal year.

11 Finally, each report shall include a thorough explanation of all policy changes proposed or  
12 implemented by the department since the preceding report was submitted to the committee,  
13 including but not limited to those being proposed or implemented by administrative rule  
14 making, state plan amendment, waiver application, or contract amendment. Such  
15 explanations shall include whether the policy change will result in an increase or decrease  
16 in revenue collections and/or expenditures.

17 Notwithstanding any provision of law to the contrary and specifically R.S. 39:82(E), for  
18 Fiscal Year 2026-2027 any over-collected funds, including interagency transfers, fees and  
19 self-generated revenues, federal funds, and surplus statutory dedicated funds generated and  
20 collected by any agency in Schedule 09 for Fiscal Year 2025-2026 may be carried forward  
21 and expended in Fiscal Year 2026-2027 in the Medical Vendor Program. Revenues from  
22 refunds and recoveries in the Medical Vendor Program are authorized to be expended in  
23 Fiscal Year 2026-2027. No such carried forward funds, which are in excess of those  
24 appropriated in this Act, may be expended without the express approval of the Division of  
25 Administration and the Joint Legislative Committee on the Budget.

26 Notwithstanding any provision of law to the contrary, the secretary of the Louisiana  
27 Department of Health may transfer, with the approval of the commissioner of administration  
28 via midyear budget adjustment (BA-7 Form), up to twenty-five (25) authorized positions and  
29 associated personnel services funding if necessary from one budget unit to any other budget  
30 unit and/or between programs within any budget unit within this schedule. Not more than  
31 an aggregate of one-hundred (100) positions and associated personal services may be  
32 transferred between budget units and/or programs within a budget unit without the approval  
33 of the Joint Legislative Committee on the Budget.

34 Notwithstanding any provision of law to the contrary, the secretary of the Louisiana  
35 Department of Health is authorized to transfer, with the approval of the commissioner of  
36 administration through midyear budget adjustments, funds and authorized positions from one  
37 budget unit to any other budget unit and/or between programs within any budget unit within  
38 this schedule. Such transfers shall be made solely to provide for the effective delivery of  
39 services by the department, promote efficiencies and enhance the cost effective delivery of  
40 services. Not more than six million dollars may be transferred pursuant to this authority. The  
41 secretary and the commissioner shall promptly notify the Joint Legislative Committee on the  
42 Budget of any such transfer.

43 Notwithstanding any provision of law to the contrary, the department shall not be under any  
44 obligation to perform any of the services as described in R.S. 46:2116, et seq., and may  
45 utilize other revenue sources to provide these services if available. Provided, further, that any  
46 additional funding for state plan personal assistance services may be used as state match for  
47 available federal funds.

48 In addition to all other reductions required by this Act, the commissioner of administration  
49 is hereby authorized and directed to reduce the aggregate total State General Fund (Direct)  
50 appropriations in this Act to the Louisiana Department of Health by (\$37,415,684).
